THE RECORD PRESS
Printers
ROCHESTER, N. H.

INAUGURAL ADDRESS

by C. Wesley Lyons, Mayor

Gentlemen of the Council:

Rochester was incorporated by royal charter under the date of May 10, 1772. The charter was granted in the name of King George I, and the signing of this document, which gave a "local habitation and a name" to this section, was the last act of government performed by Governor Samuel Shute, his Majesty's Governor of the Colonies of Massachusetts and New Hampshire.

The town was named in honor of the Earl of Rochester, a brother-in-law of King James II, who was one of the eminent men of his time.

This new town was composed of settlers of whom a part were immigrants. All of us except the full-blooded Indians are immigrants or descendants of immigrants. A portion of these settlers came from the section of New Hampshire which is now Dover, and the township was composed of approximately sixty families.

We learn from early history that our early settlers had their many difficulties, as this was an area where the Indians traveled from Great Bay to Winnepesaukee and the north country; and a great deal of time was taken for the building of garrisons and the clearing of land. This was a period which lasted for many years, when the thrill of horror ran through the community, caused by Indian attacks and by hard labor from the improving of land to make an agricultural area.

Now, as a town we progressed. Industries along our two rivers were built up.

In 1737 the management of the affairs of the town was placed in the hands of a board of selectmen and a town clerk. Now, this form of government continued for a period of one hundred and fifty-five years until the fall of 1891, at which time the citizens met in town meeting to form a charter for the city form of government, and it was enacted by legislature. It was the first city charter in New Hampshire, which has only one chamber instead of the ancient style of aldermen and councilmen for transacting the municipal legislation—the Council which, with the Mayor, controls all the public affairs of the city; and it is this form of city government under which we are still operating—a plan which has not only worked exceptionally well for the citizens of Rochester since 1892, but some of our sister cities throughout the state have adopted this form of government.

The first post office was established in Rochester in 1812. Previous to that time they received mail by stagecoaches.

Our first industry was a cotton factory with four carding machines. A scythe factory soon after was established. Because of the fact that the right type of clay was found in this locality, two potteries were established. The industrial side of our city commenced with various small tanneries which led to the shoe industry. The woolen industry started in Gonic in 1838 and in East Rochester in 1863. These industries are still operating, together with the many new industries of various types which have been established during these years. These, together with the cooperation of their employees, have been instrumental in building the type of city we now have. We must not stop here. We must do our utmost to make Rochester attractive to new industry that will continue to build an important part in our city.

In 1774 our first grammar school was opened; and soon after, a district school system was introduced, remaining until its abolishment in 1884. Rochester maintained an academy for twenty years.

In 1792 our first move was made for a public library under the name of the "Rochester Social Library."

Rochester has contributed its full share of men and women to the Revolutionary War, the War of 1812, the Civil War, the Spanish-American War, and the First and Second World Wars. More than sixteen hundred of our men and women served in World War II.

Rochester has built water and sewer systems. We have constructed new roads and highways and have established one of the finest school systems in our state. All of this has been accomplished under this, our present type of municipal government; and now today we have gathered here at these inauguration exercises to organize our city government for the year of 1949. You, as Gentlemen of the Council, have been selected as the representatives of the six wards of this city; and you, together with your Mayor, have taken the oath and the responsibility to serve all the people of Rochester to the best of your ability.

We are fortunate to have and to live in a city that is a friendly city—a community where we have the privilege to obtain our livelihood in the way that we may desire. We have the right to build the church of our choice and to worship God in any way we see fit. Our people have worked together in our Community Chest and various other civic organizations which were instituted not only for the benefit of this, our community, but for the benefit of all. We have built up our many fraternal organizations and our many clubs.

I believe that we all realize that our City of Rochester has been most fortunate in having here such varied industries, but more important and more fortunate are we to have the workers to operate and maintain these industries; for without these workers these same industries could not have maintained their payrolls throughout the years, and without their payrolls we

would not have been able to maintain our other activities. We have been especially fortunate to have had in our city, groups of labor under such able leadership, who have been able to sit down with management and iron out such difficulties as may have arisen without any serious strife.

All of these are necessary and essential to any progressive city.

This section of New Hampshire has always been a recreational area, perhaps not so much as the lake regions, the mountain regions, or the beach regions; but nevertheless we are the gateway at this end of the state to the lakes and to the White Mountains. Even though we have been well aware of this fact, it is my belief that within the last ten years, and definitely so since the end of World War II, we have been more conscious of it. The recreational areas that operated only during our summer vacation months have now become a year-round business with our winter carnivals and our winter sports. Although we aren't engaged in recreation in this particular city, we do derive a great deal of business from it. The improvements that we have made, and those that may be made in the future, will continue to attract these, our recreational visitors. I may go so far as to say that in the future we should devote some thought and give, perhaps, some cooperation to our regional areas, because with our modern means of transportation, no community or town can isolate itself, as we are dependent upon one another.

Many of our clubs have been most cooperative and have devoted some time to the beautification of our highways. This was made possible by the assistance that was rendered by the departments of our city.

We of Rochester are proud of these accomplishments: of our schools, our churches, our mercantile establishments, our agricultural areas and our industries. We, the people of this community, have always worked together. This we must always continue to do.

Now, all of these accomplishments have been made under this present form of municipal government which was instituted in 1891, a period of fifty-seven years. Within the last few years there has been a trend not only throughout New Hampshire, but I think it safe to say throughout the whole country, for casting aside the present charters of cities and towns and introducing charters whereby they would be under the city and town management form of government. We appreciate, with the growth of towns and cities over a period of fifty-seven years, that perhaps our charter could be modernized; or in other words, brought more up-to-date to meet the requirements that were not called for when it was first instituted. Perhaps for the satisfaction of us all, the citizens of Rochester could obtain information relative to the success of this form of government under which many towns throughout New England are operating. Before any change now or in the future is made, we, the

people of Rochester, should be confident of having a charter that would be an improvement over our form of city government which has operated successfully for these past fifty-seven years. If the people of Rochester are interested in obtaining further information and in making a thorough study of the Council-Manager form of government, I will be happy to appoint a citizens' committee representing the people of Rochester in all walks of life: labor, industry, professional, agricultural, social and fraternal groups, and any other groups which may be interested in this plan of government.

The year of 1949 will have its problems, which will not be unlike the problems experienced during the many past administrations. It will be your duty and mine to watch the expenditures of the moneys of our people who have placed us here as representatives to handle their affairs. I may go so far as to say that it may be necessary for us to be far more careful of our expenditures now and in the future. The tax rate, which we as Gentlemen of the Council establish, must not be at a rate that will impose a burden upon the people of Rochester.

On September 19, 1948, Rochester suffered a great loss in the untimely passing of its City Marshal, Thomas K. Redden. Thomas Redden was a young man who faithfully served his country and his city. He was most efficient in his line of duty and his acts of kindness will never be forgotten by the citizens of Rochester.

At this time I will not discuss at great length the various departments of our city. We have, however, two very important problems on which some definite action should be taken at the earliest possible date. The first is our water system. For many years we have realized that improvement and enlargement of our water system must be made. For various reasons, direct steps could not be taken in regard to the actual operations of this work. One of the most important reasons was the fact that we were engaged in the Second World War, at which time men and materials were not available because of the war effort, and directly after the war there was not any noticeable improvement in this condition. In 1947 test wells were made and prices were obtained for the installation of gravel pack wells which would serve as an auxiliary supply to our present system. Consulting engineers were called in to obtain information as to the advisability of the installation of gravel pack wells or the improvement of our present water system. Now it is my belief that we have been negligent—and I am including myself—for not definitely determining what improvements should be made and for not having obtained approximate costs for the installation of either the auxiliary supply or the improvement of the present system. This is a responsibility that must be faced now or in the very near future.

By the fact that we are a progressive city and because we are a city that has so many advantages, we have succeeded in bringing in new citizens and in building many new homes for our returned veterans who must have homes of their own, and

for those of our new citizens who are employed in our many industries.

It is our obligation as a Council to obtain these facts and to take definite steps to at least determine which of the two above-named projects would be practical and to obtain approximate costs for the installation of either one or the other, and to also take steps as to how the same may be financed. In the above statements I am not endeavoring to convey to you that actual operation and installation of the same must immediately take place, but I feel there is no question but we are all aware of these existing conditions—conditions that have such a tremendous bearing upon our other departments: namely, our Fire Department. Without adequate water supply, regardless of how efficient or unlimited an amount of equipment we may have, it would be absolutely useless. A water system is something that goes hand in hand with our Sewer Department. These two are essential and must be maintained and improved for the health and sanitation of our people. Last but not least, with an increase of water supply, it would make it possible for us to build a swimming pool of which our city is badly in need.

A few years ago we of Rochester were quite confident that we had sufficient school buildings to accommodate our young people for some period of time. As I have said so many times, we have the Spaulding School which is one of the finest and one of the best equipped of any in this section of New England. Plus the above, it has beauty not only in itself but in its surroundings. In our continued growth and increase of population—for which we are all happy—we are going to be very soon faced with the problem of the shortage of schoolhouses. A temporary solution of this condition might be the redistricting of the school area of the city. Perhaps within the next few years our population will not increase to such an extent but what additions to the buildings we already have would solve the problem. I am not advocating the building of new schools this year or next year, but let us not wait until we meet with an emergency of inadequate space, which would not only be a great inconvenience to our School Department but would retard the education of the children of our city. To continue to be progressive, let us have foresight by looking ahead to conditions that we know may exist.

May we for a moment discuss our Shade Trees, Parks and Commons under which is operated our various city playgrounds? Each and every year our playgrounds play a more important part in the welfare of the boys and girls of our city. Although in years past the Committee on Shade Trees, Parks and Commons was not considered a too heavy committee, at the present time this particular committee plays a very important part in the welfare of the younger group. I do not believe that our playgrounds function during the summer months as efficiently as they could be made to do. This is not the fault of any administration or of any committee. It is the case of the general public becoming more playground-minded. All of us, regardless of age, are devoting more time to recreation than ever before. Owing to the fact that the Mayor is a member of this

committee, I will assure my members that I will assist them to bring about as satisfactory a program as possible for the summer months in the various playgrounds of Rochester. In the last year the City had assistance from organizations which were instituted for the benefit of the younger group. It is my belief that their advice and council is well worth while. We all agree that efficient care to our various parks and commons is a good investment and should be continued. For the past several years no steps were taken for the setting out of trees on new streets or the replacement of those that is was necessary to remove because of disease or age. The chief reason for this was undoubtedly because we were watching our budget so closely and only taking care of items that were absolutely necessary. It would be appreciated if the Committee on Shade Trees, Parks and Commons could present to the members of the Council a plan that could be operated from year to year with the setting out of a certain number of shade trees each and every year.

The Fire and Police Departments, which are essential for the protection of the citizens and their property, I believe are well equipped and well organized and have shown in the past their ability to meet the emergencies which are at any moment arising.

It is my understanding that the fire equipment at East Rochester and Gonic is not sufficient to meet the requirements of these two communities. It is my recommendation that the Fire Committee investigate these conditions and obtain any other information necessary so the Council may be better informed on the conditions that will enable them to take definite action. As these two communities contribute a large amount of taxable property, I further recommend that more police protection be given them. This I will also refer to the Police Committee.

Since the completion of our new South Main Street, motorists have been traveling at a speed greater than reasonable for the safety of our citizens. Therefore, I pray that this Council immediately install traffic lights.

The advisability of the construction of a new municipal garage on a location other than that of its present site in the rear of the City Building has been discussed during past administrations. The ever-increasing cost during the past few years has no doubt been one of the chief reasons for the delay of actual operations rather than urgent need of new quarters. There are many features regarding the present location and buildings that could be criticised. One of them is that the buildings are inadequate for the housing of all of our equipment. During the past two years much equipment has been purchased and a great many thousands of dollars' worth of this equipment is being parked out-of-doors. In the operation of private industry, this would be considered impractical. I believe that some of our equipment is being housed in hired garages. We will agree that the present location is one of the most valuable in our city; a location which could be utilized as a municipal parking lot, a lot which would be centrally located

adjacent to our Police Department. I am quite confident that the development of this public parking lot would be instrumental in inviting more shoppers to our city. This would indirectly help us all.

Some plan might be formulated whereby a less expensive garage could be erected, which would enable you to make improvements in these so-called "City Yards." The existing conditions are not called to your attention by me in the form of criticism. These buildings are old buildings that have seen many years of service and are past their usefulness. Before the days of automobiles, this was an ideal location. We have progressed and the cleaning up of this unsightly plot, in giving not only our people but the shoppers of this area modern advantages, I feel is something that we should again consider.

With the cooperation and the suggestions from the heads of your various departments, which you will receive, our highways will be maintained and improved, our public buildings will be maintained, our schools and libraries will function efficiently, and the modern and up-to-date equipment in our Fire and Police Departments will protect our citizens and their properties.

Many of you gentlemen who have assembled here in this Council Body have served in your present capacity for some time and have gained much experience during these years, and the new members are also men of integrity and ability. The importance of any individual committee is of no great consequence. We are working together as one body—a body for all the people who have placed their confidence and faith in us.

In conclusion, I take this as an opportune time to convey to you my appreciation for the privilege of being allowed to work with you, and to thank you in advance for the cooperation which I know I shall receive. You are the gentlemen who are the representatives of all the people of Rochester. Your Mayor has been selected to serve with you, to act as your Chairman, and to assist you in any way possible. The Mayor's office will be open to each and every citizen of our city this coming year, as it was in my past administrations. You may rest assured that I will secure all available information that will be beneficial to any of the committees, or to any individual member, or the Council as a whole; and I am sure that with this thought in mind, we will be able to render our people an administration for the ensuing year that will be efficient and close to all the people. We will continue to be progressive, and we will be known as a city of friendly people.

CITY OF ROCHESTER
CITY GOVERNMENT

AS ORGANIZED JANUARY 1, 1949

Mayor, C. WESLEY LYONS

COUNCILMEN

Ward One—Maurice A. Jones, Frederick J. Grenier, Roland C. White.

Ward Two—Albert Nelson, Frederick Maxfield, Ronald C. Taylor.

Ward Three—Herbert Bowering, Ernest J. Couture, Charles C. Thompson.

Ward Four—Donald Sylvain, Thomas J. Sylvain, Raoul P. Aubin.

Ward Five—Chester D. Jefferson, Wilfred T. Roy, Weston H. Palmer.

Ward Six—George F. Wilson, Norman J. Raitt, Vernon E. Hersom.

City Clerk—D. Arlene Baker.

City Treasurer—Harry S. Johnson.

City Accountant—J. Stacy Tripp.

City Solicitor—Richard F. Cooper.

Collector of Taxes—Downing W. Osborne.

Street Commissioner—Porter Roberts.

Superintendent of Water Works and Sewers—George D. Dame.

Marshal—Erlon H. Furbush.

Assistant Marshal—Vane E. Nickerson.

Patrolmen—Deus Levesque, Nelson S. Hatch, Joseph G. Zuromskis, Willis M. Hayes, Ernest J. Levesque.

Chief Engineer of Fire Department—Ralph G. Seavey.

Deputy Chief Engineers of Fire Department—Wilbur E. Horne, Joseph E. Woodes, William B. Shaw, Frederic Cookson, John Meader.

Overseer of Poor—Forrest L. Keay.

Sanitary Officer—Charles E. Goodwin.

City Physician—Charles E. Moors, Jr.

Board of Health—Charles E. Moors, Jr., Forrest L. Keay, Charles E. Goodwin.

Plumbers' Examining Board—Wilbur E. Horne, Clifford K. Davis, Charles E. Goodwin.

Assessors—Albert R. Chalmers, Howard C. E. Becker, Alfred J. Beaudoin.

Trustees of Trust Funds—Walter A. Bickford, Cecil M. Pike, Bernard F. Nixon.

Trustees of Public Library—Joel W. McCrillis, J. Stacy Tripp, Robert P. Wilson, Charles W. Varney, Jr., Henry J. Grondin, Walter H. Wood.

Licensing Board—Mayor C. Wesley Lyons, City Marshal Erlon H. Furbush, Health Officer Charles E. Goodwin.

Manager of City Hall Auditorium—E. Morrison Douglas.

Building Inspector—Miles H. Dustin.

Janitor—Harry Johnson.

Assistant Janitor—Norman G. Luneau.

Janitor, East Rochester Hall—John F. Hickey.

Janitor, Gonic Hall—Hector Laferte.

Sealer of Weights and Measures—Frank D. Callaghan, Sr.

Special Police—Laurent Autotte, Robert Benner, William J. Blair, Wilfred Boulanger, Percy Brooks, William R. Brown, Alonzo Bunker, F. D. Callaghan, Raymond Chisholm, Ernest Couture, Eudore Couture, George A. Creteau, Peter Cullen, George D. Dame, W. Earl Davis, E. Morrison Douglas, Albert S. Foster, Chester A. Freeman, Aldo B. Garland, Richard A. Geary, Charles E. Goodwin, William D. Hamel, John F. Hickey, Adrian Hodgkins, Ernest E. Horne, John J. Hurley, Edward Joblonski, A. R. LaPointe, Alphonse Lacasse, John Leach, Fred Lyons, Jr., Ambrose Massey, Frank B. Miller, Arthur Mortimer, Fred Mortimer, Eugene O'Brien, Rolf Osterman, Freeman V. Parshley, Michel A. Pelletier, John W. Philbrook, Maxime Portray, George J. Potvin, Bert F. Power, Edgar Remick, Adrian Roulx, Joseph A. Roulx, Felix Sanfacon, Alphonse Sylvain, Richard Varney, Albert L. Wallace, Harvey Warburton, Leland Waterhouse, Joseph Woodes, George Woods, Clarence Woods.

Public Weighers—Herbert Bowering, Dana Copp, Chester A. Davis, Charles E. Fisher, J. Raymond Fisher, Wallace N. Fisher, Robert Hussey, Charles Mattocks, J. A. Morrill, Albert C. Mortimer, Roger E. Page, Orlando E. Pickering, Chester H. Smith, Olive Page Tufts, Albert Warburton, Joseph Woodes, Bert Woodward.

Surveyors of Wood and Lumber—Jesse Ames, Arthur Bonenfant, Nathaniel Davis, Robert Fownes, Samuel Hale, Raoul Lacasse, A. F. Potvin, George J. Potvin, Malcolm Roode, Arthur S. Wallace.

Fence Viewers—Ernest Campbell, Harvey Henderson.

STANDING COMMITTEES, 1949

Finance—Mayor, Roy, Nelson.

Shade Trees, Parks and Commons—Mayor, Thompson, T. Sylvain.

Public Instruction—Mayor, Wilson, D. Sylvain.

Claims and Accounts—Mayor, Nelson, Jones.

Public Buildings—Hersom, White, Couture.

Fire Department—Wilson, Maxfield, Grenier.

Roads, Bridges and Drains—Raitt, Maxfield, D. Sylvain.

Water Works and Sewers—Roy, Thompson, T. Sylvain.

Street Lights—Bowering, White, Aubin.

Printing—Jefferson, Hersom, Couture.

Elections and Returns—Palmer, Bowering, Aubin.

Legal Affairs—Mayor, Palmer, Grenier.

Bills in Their Second Reading and Enrolled Ordinances—Taylor, Jefferson, Grenier.

Police—Mayor, Palmer, Jones.

Purchasing—Mayor, Wilson, Jones.

Traffic—Hersom, Raitt, Taylor.

IMPORTANT RESOLUTIONS AND ORDERS

Passed by the City Council, 1949

RESOLUTION TO BORROW MONEY IN ANTICIPATION OF TAXES

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be authorized to hire in anticipation of taxes a sum not exceeding two hundred and fifty thousand dollars (\$250,000.00). Said sum to be hired on notes of the City at such time as the best interest of the City requires.

Passed January 5, 1949.

RESOLUTION FOR FOUR DOLLAR INCREASE FOR FULL-TIME EMPLOYEES FOR YEAR

Be it resolved by the Mayor and City Council of the City of Rochester: That effective as of January 1, 1949, the weekly wage or salary of each full-time employee of the City of Rochester be and is hereby increased by adding to the sum to which he is entitled under the general Ordinance as amended or existing pay schedules the amount of four (4) dollars per week for the remainder of the current year, 1949.

Passed January 5, 1949.

RESOLUTION TO BORROW MONEY IN ANTICIPATION OF TAXES

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the vote of this honorable body on January 5, 1949, authorizing the Finance Committee to hire in anticipation of taxes a sum not exceeding two hundred and fifty thousand dollars (\$250,000.00), be and is hereby amended by adding to the aforesaid resolution the following:

"The said notes are hereby expressly made payable from the taxes of the current municipal year."

So that the following resolution of this honorable body does now read:

"Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the Finance Committee be authorized to hire in anticipation of taxes a sum not exceeding two hundred and fifty thousand dollars (\$250,000.00). Said sum to be hired on notes of the City at such time as the best interest of the City requires. The said notes are hereby expressly made payable from the taxes of the current municipal year."

Passed February 1, 1949.

RESOLUTION THAT WATER DEPARTMENT PURCHASE TRACTOR FROM HIGHWAY

Be it resolved by the Mayor and City Council of the City of Rochester: That the Water Department be and is hereby authorized to purchase from the Highway Department, one International Tractor and Dozer-Shovel for the sum of \$3,000.00 with the further agreement and understanding that the Highway Department be permitted to hire the said equipment on an hourly cost basis at such times as are mutually agreeable between the two departments.

And be it further resolved: That the above sum of \$3,000.00 be held to the credit of the Highway Department for the purchase of such equipment as the Highway Department may need and to be expended only upon the recommendation of the Highway Committee and the vote of this Council.

Passed February 1, 1949.

AMENDMENT ON SALARIES OF BALLOT AND INSPECTOR CLERKS

Be it ordained by the Mayor and City Council of the City of Rochester: as follows:

1. Amend Chapter XXIII, Section 6, paragraph d, by striking out the figures "\$6.32" and inserting in the place thereof the figures "11.32" so that said section will now read:

"d. Each Ballot Inspector \$11.32 for each election day."

2. This Amendment shall take effect forthwith.

Passed February 1, 1949.

RESOLUTION TO PAY FOR DRIVING LICENSES FOR TRUCK DRIVERS

Be it resolved by the Mayor and City Council of the City of Rochester: That the cost of driving licenses required by the State for drivers regularly employed to drive City-owned motor vehicles be paid from funds budgeted for the use of the respective departments.

Passed March 1, 1949.

AMENDMENT TO INCREASE SALARY OF JANITOR AT CITY HALL

Be it ordained by the Mayor and City Council of the City of Rochester: That Chapter XXIII of the General Ordinances, Section 7, Paragraph A, be amended by striking out the whole of Paragraph A and inserting in the place thereof the following paragraph:

"A. Janitor at the City Hall, \$2,184.00 payable weekly."

Passed March 1, 1949.

RESOLUTION AUTHORIZING A WATER SURVEY

Be it resolved by the Mayor and City Council of the City of Rochester: as follows:

1. That the Water Committee be and is hereby authorized to enter into a contract with the engineering firm of Hayden, Harding and Buchanan for a survey of the water collection and disposal facilities of the City.

2. That the same Committee be and is hereby authorized to spend a sum not exceeding five hundred (500) dollars for said survey, the same to be charged to current funds of the Water Department.

Passed March 1, 1949.

RESOLUTION TO ACCEPT LOT OF LAND ON
MAPLE STREET

Be it resolved by the Honorable Mayor and City Council of the City of Rochester:

WHEREAS over a period of a great many years the City of Rochester has had the use and occupation of a parcel of land on Maple Street adjacent to the Maple Street School Lot, so-called, title to which parcel of land was in the late Jeanie J. Keir; and

WHEREAS the late Jeanie J. Keir, a teacher in the public schools of Rochester, often expressed the desire that the children of Rochester who attend Maple Street School might continue to use that parcel of land as a part of their playground; and

WHEREAS the devisees of the late Jeanie J. Keir, Ralph K. Wormhood of Dover, and Frances J. Wormhood of Rochester, desire to carry out the wishes of their late aunt and do hereby tender to the City of Rochester a warranty deed dated March 9, 1949, conveying to said City of Rochester the parcel in question.

NOW THEREFORE be it resolved that the conveyance to the said City of Rochester is hereby accepted and a copy of this resolution be sent to the said Ralph K. Wormhood and Frances J. Wormhood in testimony of the appreciation of the City for their generosity.

Passed April 6, 1949.

RESOLUTION ON DEPARTMENT OF PUBLIC WORKS

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the Rochester Delegation to the New Hampshire House of Representatives, 1949 Session, be requested to instigate such legislation as may be necessary to amend the Charter of the City of Rochester so as to provide for a Department of Public Works.

Passed April 20, 1949.

RESOLUTION ON REFERENDUM REGARDING GONIC RETAINING WALL

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the voters of the City of Rochester be given an opportunity at the next regular municipal election to be held on the first Tuesday in December, 1949, to vote upon a referendum, to be made a part of the regular ballot, whether the City of Rochester should expend a sum not exceeding thirty thousand dollars, on the condition that an equal amount is to be expended by the State of New Hampshire, to prevent further erosion by the Cocheco River and protect those houses on the easterly side of Main Street in Gonic which were endangered by the landslide on or about July 15, 1948.

Passed June 7, 1949.

RESOLUTION TO PURCHASE TWO FIRE PUMPERS

The purpose of this resolution is for the improvement of fire equipment and to give more effective and efficient protection to the two sections of Rochester known as Gonic and East Rochester.

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the Finance Committee of the City of Rochester be authorized to borrow a sum not exceeding twenty-six thousand dollars (\$26,000.00), for such terms as they may deem for the best interest of the City, for the purchase of two (2) new fire pumpers with 300-gallon Booster Tanks with specifications that each shall have at least 550 cubic inch piston displacement;

That the said trucks be purchased by a joint committee composed of Fire and Purchasing Committees and this joint committee be further authorized to dispose of the present trucks now located at Gonic and East Rochester.

Passed June 7, 1949.

RESOLUTION TO HIRE ONE HUNDRED THOUSAND DOLLARS

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be authorized to hire in anticipation of taxes a sum not exceeding one hundred thousand dollars (\$100,000.00). Said sum to be hired on notes of the City at such time as the best interest of the City requires. The said notes are hereby expressly made payable from the taxes of the current municipal year.

Passed June 7, 1949.

RESOLUTION TO PURCHASE CONCRETE MIXER AND TAR KETTLE

Be it resolved by the Honorable Mayor and City Council of

the City of Rochester: That a sum not to exceed two thousand dollars (\$2,000.00) be taken from the General Equipment Fund for the purchase of a concrete mixer and tar kettle for the use of the Highway Department, the same to be obtained by the Purchasing Committee with the concurrence of the Highway Committee. The Highway Committee be authorized to advertise for bids on the old cement mixer and sell to the highest bidder.

Passed June 7, 1949.

RESOLUTION TO TRANSFER MONEY FROM WATER DEPARTMENT TO GENERAL EQUIPMENT FUND

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the sum of three thousand dollars (\$3,000.00) be transferred from the Water Department to the General Equipment Fund for the purchase of equipment.

The above three thousand dollars (\$3,000.00) is for the bulldozer which has already been transferred to the Water Department.

Passed June 7, 1949.

RESOLUTION TO PASS THE BUDGET FOR 1949

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the Budget for the year 1949, as presented tonight, be and is hereby approved and adopted.

Passed June 7, 1949.

RESOLUTION TO RAISE MONEY BY TAXATION

Be it resolved by the Honorable Mayor and City Council of the City of Rochester, as follows: It is hereby ordered and directed that the sum of \$624,370.00 plus such overlay as may be necessary to defray the expenses of the City for the ensuing year and which amount is hereby appropriated, be raised by taxation.

Passed June 7, 1949.

AMENDMENT TO THE TRAFFIC ORDINANCES

Be it ordained by the Mayor and City Council of the City of Rochester: That Chapter XIV of the General Ordinances be amended by inserting after Section 12 and before Section 13 the following new Section:

"Section 12A. Congress Street shall be used for the passage of vehicles as a one-way street only from Central Square to Charles Street and vehicles shall be prohibited from traveling over said street except in the direction from said Central Square to Charles Street."

"Section 12B. Autumn Street shall be used for the passage of vehicles as a one-way street only into Wakefield Street from the passage way from said Autumn Street to Hanson Street and vehicles shall be prohibited from traveling over said street except in the direction from Signal Street toward Wakefield Street."

and further amend said Chapter by inserting after Section 13 and before Section 14 the following new Section:

"Section 13A. All vehicles entering Central Square and/or Wakefield Street from Hanson Street shall be permitted to make a right turn only so that the same shall pass to the east of the plot of ground upon which is erected Parson Main Monument."

This amendment shall take effect not less than fourteen (14) days after the first of two successive publications in one or more weekly newspapers published in said City of Rochester.

Passed June 7, 1949.

AMENDMENT RELATIVE TO TRAFFIC SIGNALS

Be it ordained by the Honorable Mayor and City Council of the City of Rochester, as follows:

1. Amend Chapter XIV of the General Ordinances, Section 15A, by striking out said section and inserting in the place thereof the following new section:

"15A. Traffic Signals.

(a) Definitions. All signals and devices, whether manually, electrically or mechanically operated, not inconsistent with these ordinances, placed or erected by authority of a public body or official having jurisdiction, for the purpose of directing, warning or regulating traffic or by which traffic is alternately directed to stop and proceed.

(b) No person shall drive a vehicle past any traffic signal on any highway in the City of Rochester when such signal shows a red light in the direction such vehicle is being driven or otherwise indicates that vehicles are to be stopped, and no person shall drive a vehicle past such a signal until it shows a green light in the direction such vehicle is being driven or otherwise gives indication that traffic in that direction in question is permitted."

II. This amendment shall take effect not less than fourteen (14) days after the first of two successive publications in one or more weekly newspapers published in said City of Rochester.

Passed June 7, 1949.

RESOLUTION TO PURCHASE TRUCK FOR
HIGHWAY DEPARTMENT

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the Highway and Purchasing Committees be and hereby are authorized to purchase a truck of 22,000 pounds gross vehicle weight at a cost not to exceed \$4,225.00, this sum to be expended from the unused balance of the Equipment Fund and any additional moneys required to be raised by notes of the City.

Passed July 5, 1949.

AMENDMENT TO THE ORDINANCES REGARDING
STOP SIGNS

Be it ordained by the Mayor and City Council of the City of Rochester:

1. Amend Chapter XIV of the General Ordinances, Section 10 by inserting after paragraph 56 the following new paragraph:

"57. On Green Street in East Rochester before entering the intersection of Summer and Main Streets from said Green Street."

2. This amendment shall take effect two weeks after the first of two successive weekly publications in one or more local newspapers.

Passed July 5, 1949.

RESOLUTION TO RAISE MONEY FOR
SEWER EXTENSION

Be it resolved by the Honorable Mayor and City Council of the City of Rochester: That the sum of two thousand five hundred and fifty (\$2,550.00) dollars be and is hereby appropriated for the purpose of extending the sewer a distance of one hundred eighty-five (185) feet on Signal Street and one thousand two hundred and twenty-five (1,225) feet on Autumn Street Extension and the Finance Committee be and is hereby authorized to borrow said sum for and in behalf of the City of Rochester for and upon such terms as is deemed best by them.

Passed July 5, 1949.

RESOLUTION ON BUDGET

Be it resolved by the Mayor and City Council of the City of Rochester, as follows:

WHEREAS, on June 7, 1949, this Honorable Body did vote its approval and acceptance of a certain budget for the year 1949 in the total amount, plus overlay, of \$624,370.00, and

WHEREAS, in said budget was included an item for the

Strafford County Tax, so-called, in the amount of \$51,500.00, and

WHEREAS, the Strafford County Tax has now been determined to be in the amount of \$46,024.00;

NOW, THEREFORE, be it resolved by the Mayor and City Council that the budget as passed on June 7, 1949, in the amount of \$624,370.00 be reduced by the amount of \$5,476.00 so that the total budget as amended be now \$618,894.00, plus overlay.

Passed August 2, 1949.

RESOLUTION NO CHARGE FOR GAFNEY
HOME PERMIT

Be it resolved by the Mayor and City Council of the City of Rochester: That no charge be made for a building permit for the construction of a proposed annex for the Gafney Home.

Passed August 2, 1949.

AMENDMENT FOR STOP SIGN ON BROCK STREET

Be it ordained by the Mayor and City Council:

1. Amend the General Ordinances, Chapter XIV, Section 10, by inserting after paragraph 57 the following new section: "58. On Brock Street before entering Washington Street."

2. This amendment shall become effective two weeks after the first of two successive weekly publications in one or more local newspapers.

Passed August 2, 1949.

RESOLUTION TO NEGOTIATE WITH N. E. BRICK
COMPANY

Be it resolved by the Mayor and City Council of the City of Rochester: That the Water and Sewer Committee be and is hereby authorized to negotiate with the New England Brick Company relative to agreements and/or releases for the construction of buildings by that company to be constructed over and near the trunk-line sewer which extends from Winter Street across land owned by said company to Maple Street in Gonic, and further

That the Mayor be authorized to execute such agreements and/or releases with the New England Brick Company as are approved by said committee in behalf of the City of Rochester.

Passed August 2, 1949.

AMENDMENT RELATIVE TO DEPUTY CHIEF IN
FIRE STATION

Be it ordained by the Mayor and City Council of the City of Rochester, as follows:

1. Amend Chapter VIII of the General Ordinances, as amended, by striking out Section 5 and inserting in the place thereof the following new section:

“Section 5. The Deputy Chief at the Central Station, who shall be a Permanent Fireman, shall be senior in rank to all other Deputy Chiefs.”

2. Amend Chapter XXIII of the General Ordinances, Section 9, as amended by inserting after Paragraph “a” and before Paragraph “b” the following new paragraph:

“a-1. The Deputy Chief at the Central Station, \$49.18 per week. He shall be granted one week vacation each year with pay.”

3. Further amend Chapter XXIII, Section 9, Paragraph “b” as amended, by striking out the words “The Deputy Chief and” so that the paragraph will now read:

“b. The Permanent Firemen at the Central Station, \$44.28 per week. They shall be granted one week vacation each year with pay.”

4. Amend Chapter XXIV, Section 3, as amended, by striking out the words “five Deputy Chiefs” and substituting therefor the words “four Deputy Chiefs” so that said section as amended shall read as follows:

“Section 3. The City Council shall annually on the first Wednesday of January or at an adjourned meeting thereof, elect by ballot and majority vote, for a term of one to three years, such period to be determined by the Council, a Chief of the Fire Department; and for a term of one year, the following officers: City Clerk, City Solicitor, City Treasurer, City Accountant, Collector of Taxes, Street Commissioner, Superintendent of Water Works and Sewers, four Deputy Chiefs of the Fire Department, one of whom shall be from Gonic, one from East Rochester, and one from the Permanent Firemen at the Central Station, and Manager of the City Hall Auditorium.”

Passed August 2, 1949.

RESOLUTION ADOPTING PLAN D FOR
WATER IMPROVEMENT

Be it resolved by the Mayor and City Council of the City of Rochester:

1. That recommendations for the improvement of the Rochester water supply and distribution system of Hayden, Harding and Buchanan in their report dated May 10, 1949, as

contained in "Plan D," so-called, be and is hereby adopted.

2. That the Mayor is hereby authorized to appoint a special committee, to be known as the "Water Improvement Committee," consisting of himself and six other members of the Council, which committee is hereby authorized to retain an engineer to prepare construction plans and specifications for the improvements of the water supply and distribution system as outlined in the recommendations of Hayden, Harding and Buchanan's report, Plan D; to negotiate for the financing of such appropriation as may be necessary for the completion of the work as outlined in said Plan D; to advertise for and receive bids from qualified contractors for the execution of this work and report the same to the City Council for approval and acceptance; upon the acceptance and approval of any such bid or bids by the City Council and the execution of a contract in accord therewith, this committee shall continue to function for the purpose of approving of all payments to such contractor or contractors and as a liaison group between the supervising engineer and the City Council.

Passed August 16, 1949.

RESOLUTION FOR ENGINEERING SERVICES

Be it resolved by the Mayor and City Council of the City of Rochester:

1. That a sum not exceeding fifteen thousand dollars (\$15,000.00) be and is hereby appropriated for the engineering services in the preparation of construction plans and specifications for the water improvements as outlined in Hayden, Harding and Buchanan's Plan D, the same to be charged to a special account in the Water Department to be known as "Water Improvement Account."

2. That the Water Improvement Committee be and is hereby authorized to borrow from the Revenue Surplus, so-called, the same to be repaid from the proposed bond issue such sum or sums as are needed from time to time in accord with the above appropriation.

Passed August 16, 1949.

RESOLUTION TO CHARGE RENTAL FOR FIRE HYDRANTS

Be it resolved by the Mayor and City Council of the City of Rochester:

1. That the recommendation of Hayden, Harding and Buchanan in their report on Financial Analysis of the Water Department for the City of Rochester dated July 26, 1949, with reference to an assessment to be made upon fire hydrants be and is hereby adopted.

2. Effective January 1, 1950, that there be an assessment

of \$30.00 per year for water service at each fire hydrant to continue for a period of five years and thereafter at the rate of \$25.00 per year per hydrant for the next five years, payable to the Water Department and chargeable to the Fire Department if hydrant is located on property of the City of Rochester, otherwise chargeable to the individual property owner or other municipality where located, said revenue to be used only for the purpose of amortizing the funded debt of the Water Department existing as of this date.

Passed August 16, 1949.

RESOLUTION REGARDING CITY CLUB
BASEBALL TEAM

Be it resolved by the Mayor and City Council of the City of Rochester:

WHEREAS the Rochester City Club baseball team has won the right to represent the States of New Hampshire and Maine in the National Semi-pro Baseball Congress tournament to be held at Wichita, Kansas; and

WHEREAS by reason of additional games played by the Rochester City Club in competition for this title there has been paid funds for the use of the floodlights at Spaulding Field in such an amount as will exceed the amortization requirements for the current year; and

WHEREAS it is the desire of this Council and the citizens of Rochester that this baseball team which represents our city be given all possible aid and assistance in its quest for the national title;

Now THEREFORE the Mayor and City Council hereby authorize and direct the Special Committee on Floodlights to make such a revision of the charges made for the use of the floodlights and paid by this team as will provide a sum not to exceed five hundred dollars and to refund the same to the Rochester City Club baseball team. Best of luck.

Passed August 16, 1949.

RESOLUTION FOR APPROPRIATION TO INSTALL
WATER AND SEWER

Be it resolved by the Mayor and City Council of the City of Rochester:

1. That the sum of \$1,200.00 be and is hereby appropriated for the purpose of extending water and sewer lines 300 feet more or less, between Rochester Hill Road and Whitehall Road and that the sum of \$1,700.00 be and is hereby appropriated for the purpose of extending the sewer line on Gonic Road.

2. The Finance Committee is hereby authorized and di-

rected to borrow in behalf of the City of Rochester said sum of \$2,900.00 upon such terms as shall be deemed by them for the best interest of the City.

Passed September 6, 1949.

RESOLUTION THAT WATER SERVICE TO ALL SCHOOL BUILDINGS BE FURNISHED WITHOUT CHARGE

Be it resolved by the Mayor and City Council of the City of Rochester: 1. That the Water Department be authorized to furnish water service to all school buildings in the City of Rochester without making charge for same.

Passed September 6, 1949.

AMENDMENT TO THE TRAFFIC ORDINANCES

Be it ordained by the Mayor and the City Council of the City of Rochester, as follows:

1. Amend Chapter XIV of the General Ordinances by inserting after Section 8 and before Section 9 and following new section:

"Section 8 (A)—No vehicle shall be parked or left standing between the hours of 7 A. M. in the morning and 5 P. M. in the afternoon upon the following streets in East Rochester: northeasterly side of Pine Street; northwesterly side of Pleasant Street from Grove Street to property of Hubbard Shoe Company."

2. This amendment shall become effective fifteen (15) days after the first of two successive publications and notices of the amendment in one or more local newspapers.

Passed September 6, 1949.

AMENDMENT TO THE TRAFFIC ORDINANCES

Be it ordained by the Mayor and City Council of the City of Rochester:

1. Amend the General Ordinances, Chapter XIV, Section 10, by inserting after paragraph 58 the following new section:

"59. On Oak Street before entering Washington Street."

2. This amendment shall become effective two weeks after the first of two successive weekly publications in one or more local newspapers.

Passed September 6, 1949.

RESOLUTION FOR AN APPROPRIATION FOR A WATER EXTENSION

Be it resolved by the Mayor and City Council:

1. That a sum not exceeding four thousand dollars be and

is hereby appropriated for the purpose of extending a six-inch water main easterly along Chamberlain Street from the intersection with Franklin Street a distance of approximately thirteen hundred and fifty-five feet to the residence of Charles Brown.

2. The finance committee is hereby authorized to borrow in behalf of the City of Rochester the sum of four thousand dollars upon such terms as are deemed by it most advantageous for the said City.

3. Actual construction and installation of the aforesaid water main extension shall not be undertaken until Beatrice Lavertue, Charles Brown, and Erwin Lurvey execute an indemnity agreement and/or bond, guaranteeing to the City of Rochester a return upon its investment as above set forth at a rate of three per cent per annum, the aforesaid Lavertue, Brown, and Lurvey to be jointly and severally liable for the same, they, nevertheless to be given credit for the actual amount of payments made for water used by them each year.

Passed October 4, 1949.

RESOLUTION TO ACCEPT FORM OF PETITION AND AGREEMENT FOR WATER AND SEWER CONNECTIONS AND EXTENSIONS

Be it resolved by the Mayor and City Council: That the form of Petition and Agreement, prepared by the City Solicitor and attached hereto, for use by party or parties applying for water and sewer extensions or connections, is hereby approved and the same shall be accorded full effects as a regulation in accord with Section 6, Chapter XXV of the General Ordinances, and Section 7 of Chapter XXVI of said Ordinances.

CITY OF ROCHESTER, N. H.

PETITION AND AGREEMENT

WHEREAS, I,, a resident of Street, in Rochester, in the County of Stafford and the State of New Hampshire, do own a certain parcel of land situate on the side of Street in said Rochester, and

WHEREAS, I am desirous that the water and sewer service be extended by said City of Rochester along said Street to (by) my aforesaid property, and

WHEREAS, it is understood by me that the extension of the said water and sewer service to (by) my aforesaid property by the City of Rochester will entail considerable expense;

NOW, THEREFORE, it is understood and agreed by the undersigned, that, in consideration of the extension of said water and sewer services by the said City of Rochester along Street

to (by) my aforesaid property, that I am bounden hereby to connect my present (proposed) building or buildings on the aforesaid property with the said water and sewer services within a period of one year from the date of the extension of said services along said Street; or, in the alternative, I hereby covenant and agree to be obligated and indebted to the said City of Rochester in the amount of Fifteen Dollars (\$15.00); Twenty Dollars (\$20.00); Twenty-five Dollars (\$25.00), plus \$..... estimated cost of line from street to house, plus \$..... minimum charge for one year's service, or a total of \$..... which amount I hereby promise to pay to the said City of Rochester upon my failure to connect these services within the aforesaid period of one year from the date of the extension. I do hereby further agree that the charge shall become a lien upon my real estate, and that the said City of Rochester may be entitled to all the rights and privileges of a real estate attachment by the recording of a copy of his Petition and Agreement with the Register of Deeds for Strafford County, the same to be discharged upon a connection with the aforesaid water and sewer services or payment of the above amount.

Dated at Rochester this day of 19....

Petition granted and extension authorized by vote of the City Council on
..... City Clerk.

Passed October 4, 1949.

RESOLUTION ON ALBERT PARENT PETITION

Be it resolved by the Mayor and City Council of the City of Rochester:

1. That a certain plan of Strafford Park, so-called, dated November 21, 1947, by Grant Davis, C. E., indicating the lay-

out of Duquette, Kendall, Lyons, Brock, and Chasse Streets, as well as certain lots, be approved and accepted;

2. That, when the aforesaid Duquette, Kendall, Lyons, Brock and Chasse Streets have been brought to rough grade by Albert J. Parent to the satisfaction of the Committee on Highways, Bridges and Drains, and when the said Parent has re-established the drain across the southwesterly side of the aforesaid development from the Snow property, so-called, to Brock Street, to the satisfaction of the Highway and Sewer Committee, the aforesaid streets shall then be accepted as public highways laid out in accord with the aforesaid plan;

3. That water mains and sewers be installed along said Duquette, Kendall, Lyons, Brock and Chasse Streets so as to provide the necessary services for the aforesaid sixty (60) homes upon the execution of an agreement in accord with his aforesaid petition and a second mortgage to secure the same;

4. That a sum not exceeding thirty thousand (\$30,000) dollars be, and is hereby appropriated for the aforesaid installation of water and sewer in the Strafford Park area, so-called, and the Finance Committee is hereby authorized to borrow such sum or sums in accord herewith upon such terms as by it are deemed advisable and in the best interests of the City of Rochester.

Passed November 2, 1949.

RESOLUTION ON COST OF SEWER CONSTRUCTION

Be it resolved by the Mayor and City Council of the City of Rochester: That (1) the resolution of May 3, 1949, covering the cost of sewer construction on Park, Richardson and Harding Streets, amounting to \$5,982.80, to be financed by using the unexpended balance of the appropriation for sewer construction as of January 1, 1949, in the amount of \$4,688.30, and the remaining balance of \$1,294.50, to be taken from the Revenue Surplus; and (2) the resolution of July 5, 1949, appropriating \$2,550.00 to extend the sewer main on Signal Street and Autumn Street Extension, to be financed by borrowing this above amount under the authorization of the Finance Committee, both be and are hereby rescinded and the following substituted in place thereof:

That the cost of the sewer main construction on Park, Richardson and Harding Streets, amounting to \$3,255.81, and the sewer construction on Autumn Street Extension and Signal Street, amounting to \$1,540.47, be financed by using the unexpended balance of \$4,688.30 in the special appropriation for sewer construction as of January 1, 1949, and the balance of \$107.98 be taken from the Revenue Surplus.

Passed November 2, 1949.

RESOLUTION ON TIME POLLS TO BE OPEN

Be it resolved by the Mayor and City Council of the City of

Rochester: That on Tuesday, December 6, 1949, at the City Election, the polling places in all six wards of the City of Rochester shall be open at 9 o'clock in the forenoon and shall close at 6 o'clock in the evening, Eastern Standard Time.

Passed November 2, 1949.

AMENDMENT TO THE ORDINANCES RELATIVE TO BUILDING CODE

WHEREAS, on July 1, 1947, this Honorable Body did vote to accept the report and recommendations of the Board of Adjustment and a special committee of the City Council, whereby the Building Code, as recommended by the National Board of Fire Underwriters together with the National Electrical Code, was adopted, the same to be administered by the Building Inspector and the Board of Adjustment; and

WHEREAS, at the same time a certain scale of fees for building permits was adopted, and it was further voted that "all of Rochester be in the fire limits"; and

WHEREAS, on October 4, 1947, this Honorable Body did vote to adopt the recommendations of the Planning Board to abolish the fifty-cent charge for building permits under the value of one hundred dollars (\$100.00); and

WHEREAS, on January 6, 1948, it was ordained by this Honorable Body that fees for building permits not be charged a veteran; and

WHEREAS, there may have been some question raised as to the procedure followed in the adoption of the above provisions.

Now, therefore, be it ordained by the Mayor and City Council of the City of Rochester, as follows:

1. That Chapter IX of the General Ordinances, Section 2, be amended by striking out said Section 2 and inserting the following new Section 2: "Section 2. All of the City of Rochester shall be regarded as within the fire limits for the purpose of this chapter."

2. That the General Ordinances of 1944 be and are hereby amended insofar as may be necessary to provide for the adoption of the Building Code, as recommended by the National Board of Fire Underwriters, 1943 edition, and said Code is hereby adopted by reference thereto.

3. That the General Ordinances of 1944 be and are hereby amended insofar as may be necessary to provide for the adoption of the National Electrical Code, January, 1947, edition, as recommended by the National Fire Protection Association, and said Code is hereby adopted by reference thereto.

4. Permits shall be obtained from the Building Inspector

for the erection or construction, alteration or reconstruction of any building or other structure in accord with the provisions of the Building Code above referred to, except that no permit shall be required for painting, papering, laying floors or upkeep in maintenance of any structure. The following fees shall be charged for said permits, based upon the estimated cost of construction, as presented to the Building Inspector upon application form for permit, as may be provided for by him;

On proposed work, the cost of which is estimated to be from \$100 to \$1,000 a fee of \$2.00.

On proposed work, the cost of which is estimated to be from \$1,000 to \$50,000 a fee of \$2.00 per thousand.

On proposed work, the cost of which is estimated to be in excess of \$50,000.00 a fee to be fixed by the Board of Adjustment, depending on the type of construction, etc. provided, however, that fees for building permits shall not be charged a veteran of either World War I or World War II who plans to construct or have constructed for him a home or apartments to a home already owned by him for exclusive occupancy by himself and his immediate family. This provision shall not be applicable to a veteran who desires to construct a home for investment purposes and any person who falsely applies for the waiver of the building permit fees as may be evidenced by his later conduct, such as by the renting or selling of the property so constructed by him, or for him, shall be retroactively charged with the required fee for building permit and his failure to pay the same upon the demand by the Building Inspector shall give to the City of Rochester a claim against him and against his property.

This Ordinance shall take effect upon its passage.

Passed November 2, 1949.

RESOLUTION TO NAME PARK

Be it resolved by the Mayor and City Council of the City of Rochester: That the triangular park at the junction of the Rochester Hill and Whitehall Roads be officially named "Goodwin Park" and the proper sign erected; and

That this park be dedicated by Mr. Charles Edward Goodwin, arrangements to be under the supervision of the Committee on Shade Trees, Parks and Commons.

Passed November 2, 1949.

RESOLUTION GIVING AUTHORIZATION TO THE WATER COMMITTEE

Be it resolved by the Mayor and City Council of the City of Rochester: That the Water Committee be authorized to investigate the feasibility of purchasing the Clifford Hart Farm or a portion thereof and report back at the December Council Meeting.

Passed November 2, 1949.

RESOLUTION TO RETAIN COOPER, HALL & COOPER AS COUNSEL

Be it resolved by the Mayor and City Council of the City of Rochester: That the law firm of Cooper, Hall & Cooper of said Rochester be retained by the City of Rochester as special counsel in the prosecution against the Boston & Maine Railroad for damages and expenses incurred in the fighting of the fire of October, 1947.

Passed November 2, 1949.

RESOLUTION TO TRANSFER BALANCES

Resolved by the Mayor and City Council of the City of Rochester: That if found necessary in closing the accounts of the year to transfer from a department where there is a balance to a department where there is a deficit the Committee on Finance be authorized to make such transfer.

Passed December 8, 1949.

AMENDMENTS TO THE RULES AND ORDERS OF THE MAYOR AND CITY COUNCIL

Be it resolved by the Mayor and City Council of the City of Rochester:

1. Amend the Rules and Orders of the Mayor and City Council approved February 6, 1940.

(a) Section 32, as amended May 6, 1947, by striking out the words "on shade trees, parks and commons"

(b) Section 33, by striking out the words "on roads, bridges and drains, on water works and sewers"
so that said sections will read as follows:

Section 32. At the commencement of each municipal year, standing committees on finance, on purchases, on legal affairs, on police, on claims and accounts and on public instruction shall be appointed to consist of the mayor and two councilmen. All vacancies occurring in either of said committees shall be filled by the mayor.

Section 32a. At the commencement of each municipal year, the mayor shall appoint three councilmen to the standing committee on traffic, which committee shall consist of the mayor, three members of the council, the chief of the police, the chief of the fire department, and the commissioner of public works. Any vacancies occurring in said committee shall be filled by the mayor.

Section 33. All other standing committees, to wit: On public buildings, on fire department, on street lights, on printing, on elections and returns, and on bills in their second reading

and enrolled ordinances, shall each consist of three councilmen, who shall be appointed at the beginning of each municipal year; all vacancies occurring in either of said committees shall be filled by the mayor.

2. Further amend said Rules and Orders by inserting the following new section between Section 33 and Section 34:

Section 33a. At the commencement of each municipal year, the mayor shall appoint six councilmen, to serve with the mayor as chairman, as a standing committee on public works, the first named councilman shall serve as vice-chairman. Any vacancies occurring in said committee shall be filled by the mayor.

3. This amendment shall become effective January 4, 1950.
Passed December 20, 1949.

FINANCIAL STATEMENT

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen:

I present herewith a report of the financial condition of the City of Rochester as of the close of business December 31, 1949.

In order to provide a fair basis for comparison with former years, the report is presented in the same general form as in past years.

The Total Funded Debt shows an increase of \$22,016.00 which is accounted for as follows:

New Issues:

Water Construction Notes	\$19,600.00	
Sewer Construction Notes	17,300.00	
General Equipment Notes	24,696.00	
		\$61,596.00

Notes Paid:

Water Construction Notes	\$11,000.00	
Sewer Construction Notes	3,200.00	
Highway Construction Notes	10,500.00	
General Equipment Notes	12,380.00	
City Hall Notes	2,500.00	
		39,580.00

Increase	\$22,016.00
----------------	-------------

The Total Funded Debt as of January 1, 1950, is \$331,823.12 divided as follows:

Water Debt (Payable from Water Revenues) \$104,050.00

General Debt:

Payable from Reserve for Retirement of Debt	14,257.12
Payable from future Tax Levies	213,516.00
	<u>\$331,823.12</u>

The Budget Operations for the year show a balance of revenues over charges of \$27,555.92, accounted for as follows:

Excess of Revenues over Estimates	\$16,675.94
Excess of Appropriations over Charges	10,879.98
	<u>\$27,555.92</u>

I believe the accompanying exhibits and supporting schedules reflect fairly the financial condition of the City on December 31, 1949.

Respectfully submitted,

J. STACY TRIPP,

City Accountant.

Money received from parking fines	\$372.25
Money received from parking meters	\$16,553.39

Amount of money received from Court costs, fines and fees may be found in the annual reports submitted by the Clerk of the Rochester Municipal Court.

In closing, I wish to thank His Honor, the Mayor, the mem-

bers of the Police Committee and the City Council for their faith in me and also for their help and cooperation, both to me and to the Police Department. I wish to thank the members of the Police Department for their cooperation.

This department also wishes to express appreciation to the Court, the City Solicitor, and to the various other State, County and Municipal Departments for the cooperation and assistance they have extended to us during the year 1950.

Respectfully submitted,

VANE E. NICKERSON,
Acting City Marshal.

REPORT OF CITY SOLICITOR

To the Mayor and City Council of the City of Rochester:

Having completed my third year as City Solicitor, I would again express to you my gratitude for the cooperation with which you have worked with me in facing the various problems of our City. Once again I would recommend that our Ordinances be revised.

Suit was brought against the Boston & Maine Railroad for moneys expended in fighting the fire of October, 1947, and preliminary hearings have already been held. Other matters pertaining to the rights and obligations of the City have been completed. The Superior Court of the State of New Hampshire decided, after several days' hearing, that the City did have title to the building known as Cocheco Engine House or Ward Four Ward House, but that Joseph Michael had superior rights to the land beneath the building. It might be pointed out that your Solicitor rendered such an opinion before this matter was brought into the courts. It is perhaps better, however, that the official decision of the Court be made a part of the record.

I would express my special appreciation for the exceptionally fine cooperation given by Acting Marshal Vane Nickerson during the greater part of 1949 when he was responsible for the operation of the Police Department. I would also once again express my gratitude to Judge Emery and the Clerk of Court, as well as Mayor Lyons, the City Accountant, the City Clerk, and all other City officials for the fine manner in which we have worked together.

Respectfully submitted,

RICHARD F. COOPER,
City Solicitor.

REPORT OF CLERK OF MUNICIPAL COURT

To the Honorable Mayor and City Council, Rochester, N. H.:

I herewith submit a statement of the condition of the finances of the Rochester Municipal Court as of December 31, 1949.

RECEIPTS

Cash on hand January 1, 1949	\$14.63	
Balance in checking account	16.05

VICTOR CARDOSI,
Clerk.

This is to certify that I have examined the accounts of Victor Cardosi, Clerk of Municipal Court of Rochester, for the year ending December 31, 1949, and I find them as set forth in the above statement with all payments to the Treasurer and otherwise properly receipted for, together with a cash balance on hand of \$72.72 and checking account balance of \$46.87.

JUSTIN A. EMERY,
Justice.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen: I herewith submit my report for the year ending December 31, 1949.

I have inspected the scales at stores, shoe shops, grain mills, laundries, hospital, and the Boston & Maine freight, baggage and express scales. I have also inspected those of farmers, poultry dealers, junk dealers and ice and coal dealers, and measured wood dealers' trucks.

All gasoline, grease and kerosene pumps have been inspected and sealed.

Respectfully submitted,

FRANK D. CALLAGHAN, SR.,

Sealer of Weights and Measures.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

To the Honorable Mayor and City Council of the City of Rochester:

Gentlemen: In rendering my report of the Fire Department for the year ending December 31, 1949, I will state that our fire losses were below the average for the year until the Champlin Box Shop fire.

At this time I would suggest that consideration be given, in the very near future, in purchasing a tank truck, which is badly needed in the outlying sections of our City.

There were 262 alarms in the City of Rochester which consisted of 43 box alarms, 219 still alarms, 6 engineer calls, 19 brush fires, 27 car fires, 4 out-of-town calls, 1 false alarm in Rochester, 3 false alarms in East Rochester.

There were eighteen calls in East Rochester and seventeen calls in Gonic for the year.

The estimated value of buildings and contents damaged by fire:

Estimated value of buildings	\$825,348.00
Insurance on same	683,030.00
Insurance paid	197,772.96
Estimated value of contents	1,228,711.37
Insurance on same	769,270.00
Insurance paid	296,142.49

At this time I wish to express my appreciation to His Honor, the Mayor, members of the City Council, Committee on Fire Department, the Police Department, the Board of Deputies, and members of the Department, and to all other persons who have rendered us help throughout the year.

Respectfully submitted,

R. G. SEAVEY,
Chief Engineer.

REPORT OF BOARD OF HEALTH

To the Honorable Mayor and City Council of the City of Rochester, N. H.:

We hereby submit our report for the year ending December 31, 1949:

Number of infectious or contagious diseases reported:	
Scarlet fever	6
Measles	52
Whooping cough	41
Chicken pox	76
Spinal meningitis	1
Poliomyelitis	4
T. B.	1
Diphtheria	0
Impetigo	19
Pediculosis	28
Ringworm	28
Scabies	12
Mumps	18

Clinics:

Medical—preschool (233 attended)	12
Orthopedic	6
Immunization, 167 completed.	
Tuberculosis, 126 attended	3
Mental hygiene	58
Mental hygiene follow-up	79
Whole number of deaths excluding stillbirths	185
Number of stillbirths	14
Death rate per 1,000 (14,000 population)	13.21
Number of deaths from T. B.	2
Number of deaths from cancer	37
Number of deaths from cardio-renal diseases	80
Number of deaths from measles, scarlet fever, diphtheria and gastro-enteritis or poliomyelitis	0

We wish again to call attention to the number of deaths from cancer which this year was one death out of every five from all causes. Early consultation with your physician is urgently advised.

Respectfully submitted,

FORREST L. KEAY, M. D.,
CHARLES E. GOODWIN, Health Officer,
CHARLES E. MOORS, M. D.

REPORT OF OVERSEER OF POOR

To the Honorable Mayor and City Council of the City of Rochester, N. H.:

Respectfully submitted,

FORREST L. KEAY, M. D.,

Overseer of Poor.

REPORT OF BUILDING INSPECTOR

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen:

I herewith submit a report of building construction for the year 1949:

Estimated Costs:

119 New houses	\$628,000.00
12 Apartments	21,600.00
42 Private garages	24,796.00
32 Businesses	322,925.00
5 Camps	3,100.00
123 Miscellaneous	78,730.00
338 Permits	\$1,079,151.00

REPORT OF THE PLANNING BOARD

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen:

The Planning Board was instituted in August, 1941, under Mayor Charles H. Felker. It is a fact-finding board serving without pay. The members may investigate any project beneficial or detrimental to the City on their own initiative or at the request of citizens or the City Council.

The only power the board has is to make a report to the Mayor and City Council of their findings.

Present members and terms of office are as follows:

Ex-Officio Mayor C. Wesley Lyons	1950
Ex-Officio J. Stacy Tripp	1950
Ex-Officio Wilfrid T. Roy	1950
Dennis E. Brennan	1950
Albert C. Hervey	1951
Ada H. Boone	1952
Hervey Lagasse	1953
Ernest L. Rolfe	1954
Alfred G. Desmarais	1955

Executive Director—Miles H. Dustin

Respectfully submitted,

MILES H. DUSTIN,
Executive Director.

AUDITOR'S REPORT

This is to certify that the accounts of the City of Rochester, for the year 1949, including the accounts of the School Department, the Student Activity, and the Cafeteria Account, have been examined and approved.

J. S. TRIPP,
For the Finance Committee.

To the Honorable Mayor and City Council:

Gentlemen: At a meeting of the trustees of the Rochester Public Library, January 16, 1950, it was voted that the reports of the secretary, librarian and treasurer be presented to the city council as the annual report of the trustees for the year 1949.

J. STACY TRIPP,
Secretary.

REPORT OF LIBRARIAN

To the Board of Trustees of the Rochester Public Library.

Gentlemen: In presenting this fifty-sixth annual report of the Public Library for the year ending December 31, 1949, we will attempt to tell briefly how the library was used in 1949. In general, the amount and kind of work done, that it may be used for yearly comparisons, as measurers of success or failure, and as guides for the improvement of service.

CHANGES IN HOURS

Effective February 4th, following a period of public uncertainty as to library hours due to the recent change in retail business hours, we adopted the following schedule:

Mondays through Thursdays,	2 P. M. to 8 P. M.
Fridays,	2 P. M. to 9 P. M.
Saturdays,	2 P. M. to 6 P. M.

We have found this to be satisfactory, with no diminishing of service apparent, but with a greater increase of business during the first two days of the week. This change has not been altogether sudden. Since industry adopted a shorter work week and longer week-end our Saturday circulation gradually began to shift to Monday and the shortened library day on Saturday was therefore no handicap to circulation.

CIRCULATION

The number of books borrowed for home use reached its highest figure since 1942. The largest figure of use in the library's history was in 1939, followed by a consistently steady drop in figures during the war years and a small but satisfying gain each year since the war's end. This year our final records show an increase of 4,423 over those of 1948. Of course we all know that Wall Street is a barometer of our nation's business. But did you know that your Public Library is likewise a barometer of employment or lack of employment? When money is easy and working hours are at their peak, books and reading lose some of their following and the upswing in use this year is due largely to the city's industrial layoffs throughout 1949. We believe the figure would have been even higher but for television. Certainly it is obvious that television is here to stay and at least while the novelty element is strong television families as a rule read less than their non-television counterparts. In general, television enthusiasts are entertainment seekers and possibly our decrease of 178 in fiction use may be attributed to this newest entertainment. On the other hand, postwar religion always gains a curious acceleration. Personal religion is gaining over psychology and science but all three classes show a marked increase: religious books 35 per cent, philosophy and psychology 11 per cent and science 21 per cent, with a gain in all non fiction of 2,392.

READING AND REFERENCE ROOMS

The use of these rooms must of necessity be combined because of the limited space and seating capacity of the reference room and the increased use of that room, compelling the transfer of many students to the main reading room. The combined figure this year is 11,309 with 1,537 questions recorded as requiring the individual help of an assistant. Many new reference aids have been added this year but the two vital needs are an assistant trained for reference work and familiar with our reference facilities and a larger reference room. The larger room is an impossibility in our present building but a trained assistant would greatly improve our service in this department. Much work was done with the students but the many newspaper and radio contests and quizzes brought hundreds of adults to the reference room, people from surrounding towns as well as local residents, and numbers are not an accurate record of the work done on this particular research. Many people came at two o'clock and remained until eight following clue after clue until they felt confident that they were the winner. All the work done was more than justified as many citizens of the community visited their library for the first time and learned the wealth of factual as well as recreational material available to them for the asking and provided by their own voluntary, self-imposed taxes for this purpose.

CHILDREN'S ROOM

The increase in the number of books borrowed by the children was 1,416 with a total circulation of 16,823 and interest in this room has been stimulated by special exhibits, contests and story hours. The Woman's Club story hour from January 12th to April 20 attracted 308 listeners and the Book Week story hour had an attendance of 146. In the Summer Reading Contest 370 books were read. More time can now be devoted to the children and to parents interested in what their children read. Mrs. Evans, in charge of the department, is now assisted by Miss Johnson who works four days each week. The small reference collection maintained in this room has somewhat relieved the congestion in the main reference room. The cabinet-making class of the Industrial Arts department of Spaulding High School, under the direction of Mr. DeVittori, made a combination dictionary stand and encyclopedia case which is enjoyed as much as anything in the room. The smallest children delight in the grown up feeling of using the adult dictionary. The need in this room is for a teen-age corner where books from both departments suitable for young folks may be displayed and enjoyed.

AGENCIES

Both agencies showed a gain in the number of books circulated. East Rochester by 34 books and Gonic by 1,184. In 1949 Gonic gave 33 weeks of service to the residents as compared with only 27 in 1948 so to reach a fair estimate of increase 15 more books per week were circulated. These agencies are both a vital part of the library system and con-

tributed 5,647 books to the total circulation. The small collection of 35 books sent each month to the Gafney Home for the Aged is much enjoyed although records of the number read there are, of necessity, incomplete.

EQUIPMENT AND BUILDING

As provided for in the 1949 budget a water heater has been installed, an adding machine purchased and a 1924 model typewriter replaced by a new Royal machine. With the building committee in charge, three rooms in the basement were given thorough freshening and window frames and sashes replaced where needed. These rooms had never had even a whitening job done on them since the building was opened in 1905. Old wall shelves in the periodical room have been utilized to make new double floor stacks for our magazine storage and furniture purchased for the staff room. At this writing the repairs are still in progress. The 1950 budget should provide for freshening of many main floor rooms and corridors which have not been done in ten years and are blackened from the use of soft coal as fuel.

PERSONNEL

Our staff changes and substitutions have hampered the progress of any long-range projects but the return of two former assistants maintained the customary service at the loan desks. Mrs. Scott, Mrs. MacKay and our secretary were hospitalized and absent for many weeks. Mrs. Place, who had been a staff member for two previous years, returned to substitute in Mrs. Scott's position during her illness. In January Miss Bickford resigned to resume her teaching position and in February Miss Logan was elected to that position which she capably filled until September. She is now serving as a substitute assistant. In June Miss Evans resigned as a part-time worker. Miss Johnson was secured in April to assist Mrs. Evans at the children's desk four days a week. In July our janitor, who had served faithfully since 1946 died, and Edward Dodier is very efficient now in that position. Florence Seavey, who had been on the library staff for over two years, followed by two years of college, returned in September to a full time position.

CONCLUSION

We are especially grateful this year for all assistance given us. For the counsel and friendly interest of every member of the Board, for the cooperation of the two assistants who were able to work the full year, for the interest of those members who were ill and unable to be with us, for the willingness of former assistants to return in time of need, and for the ready application to the work of the newly appointed people.

Respectfully submitted,

E. VELMA FOSS,

January 16, 1950.

Librarian.

HARRY S. JOHNSON,
Treasurer.

I have examined the receipts and expenditures of the financial reports of the librarian, E. Velma Foss, and the treasurer, Harry S. Johnson. I find them correctly cast and properly vouched.

J. STACY TRIPP,

Secretary of the Board of Trustees.

Rochester, N. H., January 16, 1950.

In Memoriam

Wilfrid W. Creteau, teacher of French at Spaulding High School, from September, 1942, to January 21, 1949. Died February 22, 1949.

Edward E. Fernald, Spaulding High School, Grade 7. Born October 8, 1934. Drowned February 24, 1949.

Gerald Brownell, Maple Street School, Grade 2. Born April 5, 1941. Drowned February 24, 1949.

Leonel Spiller, janitor at Allen School from November 13, 1945, to December 24, 1948. Died April 6, 1949.

Barbara Ham, Spaulding High School, Grade 11. Born August 18, 1932. Died April 13, 1949.

Eli LeClerc, janitor at Spaulding High School from December 1, 1945, to November 1, 1949. Died November 16, 1949.

Alice D. Goodwin, principal at East Rochester school from September, 1924, to June, 1940; teacher of grades seven and eight at Spaulding High School from September, 1940, to January 8, 1947. Died December 29, 1949.

* Committee appointed by the Chairman, March, 1949.

† A. Clifford Mortimer was appointed June 9 by the City
Council to succeed Bernard A. Grassie, resigned.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Rochester School Board:

This is my first report and the fifty-eighth in the series of annual reports of superintendents of schools in Rochester. Since I have been working in and studying the Rochester School System for less than a half year the observations and recommendations herein are necessarily limited. The statistical information and financial statements are included in the usual form. The annual reports of John M. Cotton, Headmaster of Spaulding High School, and Nora Seahill, the School Nurse, are submitted herewith.

CHANGES IN SCHOOL PERSONNEL

The resignation of my predecessor, Harold T. Rand, became effective July 23, 1949, in order that he might accept the position as superintendent of schools in Melrose, Mass. A tribute to his successful work in Rochester is now a part of the record of the school department.

The following Spaulding High School teachers resigned during the year: Irene N. Koski, English, history; Alexander J. Milligan, general science, Grades 7-8; Anne N. Webb, Latin, English; Roger C. Snow, director of instrumental music; in the elementary schools, Florence Pearson, Maple Street, Grade 3. Mrs. Erma Goodwin of the Allen School, Grade 6, was granted a leave of absence for the remainder of the year. Mrs. Gloria Barris resigned as director of physical education in the elementary schools because the position was discontinued. Mr. Wilfred W. Creteau, teacher of French at Spaulding High School, died January 28.

The new teachers entering the employment of the Rochester School Department during the year include: Mrs. Regina Valley, March 14, French; Mrs. Hazel Fay, January 2 to June, Allen, Grade 6; Mary I. Smith, Gonic, Grade 5; Naomi J. Morrill, Maple Street, Grade 3; James N. Cook, director of instrumental music; Gertrude McClintock, home economics and English; J. Colin Pushee, English and related activities; George L. Taylor, Jr., September 26, coach of basketball and teacher of general science; Hazel Fay, November 14, assistant at Maple Street, Grade 1.

Miss Elsie M. King was transferred from East Rochester, Grade 1, to Gonic, Grade 2.

CLASSIFICATION OF PUPILS

The results of the 1949 school census, Table E, and the comparative grade enrollments shown in Tables A and F should be given careful consideration. A substantial increase in the

total school population in Rochester is apparent. The present elementary school buildings will probably house resident pupils in grades 1-6 if the present ratio between public and private school enrollments remains about the same. However, the growth in school population will require the employment of additional teachers, revisions in the transportation system and further redistricting because of the necessary assignment of an increasing number of pupils.

All five elementary schools have a separate teacher for each grade and follow the same curriculum. The employment of special teachers in particular fields such as reading, health, and the fine arts may relieve the regular classroom teachers from the additional duties of an enriched program; it may also serve as a partial solution to the problem of increased enrollments. In certain lower grades the classification of pupils according to ability with special divisions for slow learners might also relieve the overload as well as provide for more efficient instruction.

When the impact of the increased school population reaches Spaulding High School revisions in the program or additional facilities will be necessary. There will be a demand for additional divisions in the junior high classes during the next school year.

CURRICULUM AND INSTRUCTION

The proper emphasis on scholarship continues to be a most significant problem in public education. The desire for less work and more pay at the adult level may tend to weaken initiative and the competitive spirit of vigorous growth. This conclusion, if correct, sets a poor example and becomes a serious danger to the ideals, ambitions, and accomplishments of youth in general.

When schools inspire democratic leadership based on merit and self discipline through the desirable experiences essential for complete self realization in the individual pupil, the wise use of freedom will no longer be a problem. Until this pattern prevails more widely parents must assume a substantial share of the responsibility for the child's welfare. Scholarship and citizenship must be improved through the complete cooperation of good teachers and parents working together for better discipline.

A more adequate physical education program including health instruction and physical development should be provided in the lower grades. Desirable physical, social, and recreational activities should strengthen scholarship. On the other hand, some pupils have so many special activities that they are overtaxed and the essential common learnings are neglected.

The constant improvements in textbooks, visual education, maps, equipment, and pupils' supplies will help to maintain high standards. Additional emphasis on the fundamentals and the use of standardized achievement and diagnostic tests with pro-

vision for remedial instruction when needed is also very important.

The salary schedule of the Rochester School Department seeks to provide adequate salaries to maintain good teachers and stimulate professional advancement. This sound investment of the taxpayers' money should be continued. The teacher famine will evidently be a serious problem for some time to come.

The employment of a full time instructor for instrumental music, beginning in September, 1949, is producing good results. At the present time four groups are studying instrumental music in the schools; thirty in the band, thirty-five at Spaulding High School, and eighty-five in the lower grades not including the pupils in grades 3 and 4 all of whom are learning to play pre-band instruments. This expanding program should be maintained over a period of years to attain its full cultural and recreational values. Various community projects have helped to finance an enriched music program in the schools. The successful campaign, sponsored by the Rochester Kiwanis Club, to provide funds for new band uniforms is especially appreciated.

Adult education courses have been undertaken in those subjects for which there has been sufficient demand. Courses in sewing, cabinet making, auto and electric shop, and citizenship English have been held at Spaulding High School during the year.

HOME AND SCHOOL RELATIONSHIPS

A well organized Parent-Teacher Association is active in each of the Rochester public schools. Through cooperative study and well planned programs and projects these several organizations have made many improvements in the schools. The parents and teachers have worked together to provide equipment, scholarships, and services of educational and social value. This cooperation between the school and home provides an invaluable guidance service. Conferences between teachers and parents aimed at improving the general welfare also develop understandings that built good morale and solve many individual problems as well.

THE PHYSICAL PLANT

The school buildings and grounds have been well maintained during the school year. The following major improvements and replacements have been made: new fluorescent lights installed in six classrooms at the Allen School; a new classroom for grade four in the East Rochester School; the partial grading of the playground at the Maple Street School; new equipment including maps, rotary duplicators, and additional primary chairs for each school; two new desks for additional teachers; new home-made tables for several rooms.

At Spaulding High School six classrooms and the gymnasium have been redecorated with fresh paint; two ceilings

over stairways to the gymnasium have been replaced; repairs to the concrete porches and curbstones have been completed; new overhead doors have been installed at the entrance to the auto and machine shops; the public address system has been completely overhauled; wire enclosures have been installed at the stairway entrances leading to the gymnasium balcony.

The draperies and curtains in all the schools have been flame proofed.

Because of the lack of fire proof construction in the various elementary school buildings fire proof ceilings or sprinklers might be advisable in the boiler rooms.

It is strongly recommended that additional artificial lighting and modern furniture be provided in the various elementary classrooms. Well graded and equipped playgrounds, properly supervised, would do much to develop good health and improve social and recreational opportunities for all children in the public schools.

The extensive use of the school plants by civic groups, the Rochester Community Activities Association, and the various athletic clubs of the city which have made the schools community centers, has also increased the problem of proper maintenance.

EVALUATION

At the present time studies are being undertaken in the schools to the end that essential needs may be more effectively met. These surveys concern scholarship, curriculum, enrollments, transportation, facilities, maintenance and finance. Preliminary investigation indicates the need for additional study in these areas prior to submitting other specific recommendations. Continuous systematic appraisal is necessary from time to time in order to keep in step with educational and social changes.

As a result of the publicity concerning neglected conditions that exist in the public schools throughout the country, large numbers of parents and other interested citizens are being encouraged to participate in critical yet constructive investigation of our schools. These highly desirable studies have a twofold purpose. They help to correct possible misunderstandings concerning schools both locally and nationally as well as evaluate the effectiveness of present programs. School Board members and other officials should welcome this participation as they seek cooperatively to reconcile adequate programs with ever increasing costs. The results of depression, war, and inflation have affected our public schools tremendously. The current public interest and concern for the nation's schools is an indication of better understanding and support.

CONCLUSION

I wish to express my appreciation for the educational opportunities that exist in Rochester. The recent improvements in the program and facilities indicate constructive policies and a desire for essential modifications to meet the needs of youth.

As a new comer in the school system, it is a pleasure to acknowledge the fine cooperation of the school personnel, the school board members, city officials, and the citizenry in general. I shall be most grateful for this helpful spirit in word and deed as we continue to seek cooperatively the best answers to the complex problems found in our schools.

Respectfully submitted,

JOHN H. FRYE.

Superintendent of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

February 8, 1950

Mr. John H. Frye
Superintendent of Schools
Rochester, New Hampshire

Dear Mr. Frye:

I hereby submit my report as headmaster of Spaulding High School.

ENROLLMENT

	7	8	9	10	11	12	P.G.	Tls.
September, 1948	142	158	179	167	153	145	3	947
September, 1949	126	140	203	157	143	144	4	917

Our enrollment dropped somewhat in the junior high school, namely, from 300 to 266. At the present writing, however, our junior high register lists 282 pupils, 152 boys and 130 girls.

SUBJECT ENROLLMENT

A study of the following table will show that we have a slight increase in all departments except that of science. Here the drop seems to be caused by a lesser number of students electing physics and chemistry. We have increased our average class size from twenty-four to twenty-six this year, and the maximum for any one class from thirty-seven to forty. This large class is one in home economics in which department we had an increased enrollment of sixty-five girls. We also had an increase of forty-nine in commerce. While there are other changes, they do not seem to indicate decided trends.

We added general science as a new subject this year in the ninth grade, and moved biology to the tenth grade. Physical geography will be dropped next year. We feel that we have strengthened our science offerings.

The individual class enrollment follows with last year's figures in parentheses.

ADMINISTRATION AND GUIDANCE

Each year we have pupils register in April for their next year's subjects. We then have an idea of how many divisions of each class we shall need and can make out our schedule with some degree of accuracy. Because this planning doesn't always work in practice, we sometimes have classes as large as forty in a subject. When September registrations are all in, we often find there has been considerable change in subject elections; however, since teacher schedules have been completed, classes must go on.

We try, through individual counseling with Mrs. John Chase or Mr. Edward Herman, to have each pupil choose his subjects with good judgment. We also supplement this counseling in the eighth and ninth grades by class work in vocations. The practice of the counsellors is to set up a four-year program with each pupil. This program may be changed as pupils mature and learn more of their individual interests and abilities.

We test all juniors with a Boston University battery of tests. The results are discussed with each pupil and, upon request, their parents.

The seniors receive a psychological test and a reading test from the State Department of Education which is administered and scored by the University of New Hampshire. These results are also available for our use.

Pupils who have been warned at mid-term or who have failed at the end of the term are contacted by the guidance counselors, and adjustments are made wherever possible.

The seventh and eighth graders have taken achievement tests this year. The results should help us determine our strengths and weaknesses in junior high. We have administered Kuder Preference tests to all eighth grade pupils as a means of helping them find out wherein their strong interests lie and thus to choose courses more wisely.

Our teachers' meetings are dealing with a survey of the school system. We have asked parents and other laymen to discuss our problems with us. This discussion will be carried on in a series of committee meetings using the fifteen "windows" or topics provided by the State Department as a means of procedure. It is hoped that this survey will help us determine in what direction we should go educationally and what steps need to be taken to attain our objectives.

We have segregated into special classes in English, those pupils who are going on to college. In this way we are trying to prepare them for a very specialized type of English usage.

Our department heads are discussing the work of their departments with individual teachers and thus coordinating the work. Especially is care being taken in the plans and program for offerings in English. Here we are attempting to adjust the work for all levels of ability even more than we have ever done before. Plans for next year indicate further adjustment.

ATHLETICS AND PHYSICAL EDUCATION

All boys and girls, physically able, receive two periods of physical education each week. Mr. John McGrail and Miss Sharon Stepanian also conduct intramural activities noons and club periods thus giving every boy and girl a chance to participate in the sport of his choice in its season.

Athletic Director Edward Herman supervises our scheduling of games in football, basketball, baseball, track, cross country, tennis and golf. We had no hockey team this year because of the lack of interest and the money to finance it.

Mr. Herman, who coaches varsity football, freshman basketball and varsity baseball has the following assistants:

Mr. George Taylor—Basketball
Mr. Harold Thompson—Assistant in football
Mr. John McGrail—Junior high basketball
Mr. Theodore Lylis—Track
Mr. Benjamin Mooney—Track and cross country
Mr. Alson Brown—Cross Country
Mr. Charles Beard—Tennis

CO-CURRICULAR ACTIVITIES

Our varied activities have become such an important part of school life that they constitute nearly a part of our curricu-

lar program, thus the use of the word *co-curricular* in place of *extra-curricular*. These activities are supervised by the following teachers:

Mr. J. Colin Pushee	Debate and Prize Speaking
Mrs. Day Spaulding	National Art Honor Society
Mrs. Gertrude McClintock	Senior Year Book
Miss Nedra Small	Dramatics
Miss Edith Kelley	Red and White
Mr. Charles Beard	Business Manager, Red and White and Clef Kings
Miss Frances Bailey	National Honor Society
Mr. Harold Hanson	Student Activity Council and Projection Club
Mr. Harry Grierson	Junior High Planning Board
Miss Marion Dow	Publicity Club
Miss Virginia McNamara	Cheer Leaders
Mr. Ernando DeVittori	Hi-Y Club
Mrs. Douglas Stevenson	Sophomore Tri-Hi-Y Club
Mrs. Harry Grierson and Miss Sharon Stepanian	Senior Tri-Hi-Y Club
Mrs. Doris Buswell	Vocal Music
Mr. James B. Cook	Instrumental Music
Mrs. Marion Underhill	Library Staff Club
Mr. Theodore Ayer	Boxing Club
<i>Class Advisers</i>	
Mrs. Marion Abbott	} Seniors
Mr. Edward Herlin	
Mrs. John Chase	} Juniors
Mr. Theodore Lylis	
Mrs. George Springfield	} Sophomores
Mr. Alson Brown	
Miss Violet Davis	} Freshmen
Mr. Ernando DeVittori	

This year at the request of the New Hampshire Speech Association, we held a state-wide Practice Debate Tournament at Spaulding High School. Our students also participated in the Speech Tournament at the University of New Hampshire besides holding the annual Kiwanis Prize Speaking Contest. The class in speech, conducted by Mr. J. Colin Pushee, supplements and strengthens the work carried on in English classes throughout the school.

We participated in the New Hampshire Music Festival and have invited the Southeastern New Hampshire Music Festival to be held here in Spaulding High School this spring. This work is under the direction of Mrs. Doris Buswell.

Our band, under the direction of Mr. James Cook, has taken on a new lease of life. Practice sessions are held regularly, both in school and after school. A drive for funds for new uniforms, sponsored by the Rochester Kiwanis Club and carried through by the Spaulding Hi-Y, band, cheer leaders and majorettes with many other volunteers, resulted in a sum of \$2,000 and the purchase of thirty-seven new red and white uniforms. This drive was conducted on National Kids Day.

We certainly appreciate the interest and effort shown by Dr. Raymond Perreault and Kiwanis Club members.

Our Student Activity Council has been considering a point system for participation in co-curricular activities and is about ready to present the plan to the school for consideration. This type of control has been needed for some time and should come about from a discussion by all those whom it will affect. This activity on the part of the council is practice in the democratic way of life. Such a method always takes time yet it teaches the students as they learn through cooperative endeavor and discussion, the principles of self government.

Our clubs are such an integral part of our school life it would be hard to conceive of a school functioning without them. Certainly the time spent by the teacher supervisors is well spent and much appreciated.

The financial report of our Student Activity Association is appended.

CAFETERIA

Mrs. Cassie Richardson and her staff continue to delight the pupils of Spaulding High School with excellent hot lunches at a minimum cost. Just what will happen to our prices when the government subsidy is removed remains to be seen.

The government surpluses have been a big help in providing extras for our lunches with no charge to the pupils. Our cafeteria lines continue to be long as we serve approximately 700 hot plates every day.

A financial statement is appended.

AGRICULTURE

Our new course in Agriculture is fitting into our program very nicely and filling a real need. The number enrolled is larger this year and the work being accomplished is of a practical nature.

GRADUATES OF 1949

The graduating class of 1949 numbered 142. Of this number 31 enrolled in four-year colleges as follows:

- 17 University of New Hampshire
- 3 St. Anselm's
- 2 University of Vermont
- 1 Wentworth Institute
- 2 Mount St. Mary's
- 1 University of Michigan
- 1 Dartmouth
- 1 Plymouth Teachers College
- 1 Massachusetts Institute of Technology
- 1 New England School of Technology
- 1 Emerson School of Oratory

Sixteen others continued their training by going to busi-

ness colleges, into hospital training or enrolling in junior colleges. Five returned for post graduate work. This means that fifty-two members of the graduating class are continuing their formal education in some way.

Of the remaining graduates nine are married, seventeen are at home, sixty-four are employed in the city and four joined the service.

It is interesting to note that we have graduates of former classes in Bowdoin, Bates, Maine, Holy Cross, Boston College, Harvard, West Point, Annapolis, Clark University, and Worcester Technology and that many of these graduates are on the Dean's list in their respective schools.

RECOMMENDATIONS

We shall soon feel the need of increased facilities because of increased enrollment. I suggest that immediate steps be taken to plan for this need. More class rooms, more teachers, more supplies and equipment will be needed.

I suggest that the school board investigate the advisability of assisting our Student Activity in financing our athletic program. This program should be expanded but this result cannot be obtained under our present financial set up.

CONCLUSIONS

I wish to thank the members of the school board and the superintendent for the excellent cooperation we have received this year.

Respectfully yours,

JOHN M. COTTON,
Headmaster.

SPAULDING HIGH SCHOOL CAFETERIA

J. S. TRIPP,
City Accountant.

December 15, 1949.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I herewith submit my report as school nurse for the year of 1949.

NURSE'S SERVICES

Routine health inspections were made at the time of my weekly visits to the schools. The pupils of the primary grades were weighed and measured in September and June. Occasional hair and skin inspections were necessary in order to control the spread of pediculosis and skin diseases. Emergency calls were answered at all of the schools. Reports of communicable diseases were investigated. Vision and hearing tests were conducted and physical inspections were made. The students of grades one, four, seven, and ten were examined by Dr. Albert Barcomb, school physician. The parents were notified of defects found either by written notice, telephone, or home visits. It is a pleasure to acknowledge the earnest cooperation of parents and pupils in remedying physical defects.

CLINICS

The following paragraph will explain the excellent clinical facilities available to the children of Rochester. I assist at each clinic.

The Rochester Dental Clinic operates one-half day each week. Although this service has to be limited to a small percentage of our students it is proving to be very valuable over a period of three years. Approximately eight pupils are treated at each clinic. It is necessary for some children to make several visits, therefore, about one hundred and thirty children benefit each year. Doctors Wilfred Roy and Roland Cullen allot two half days each month for the clinic work. Thanks should be extended to these men for the fine service they have rendered.

Six Orthopedic Diagnostic Clinics, sponsored by the Crippled Children's Services of the State Department of Health, were held at the Frisbie Memorial Hospital. Doctors Ezra Jones, Carl Friborg, and David Webster, all leading men in the orthopedic field, examined and treated the children who were referred to the clinic. New cases are given a thorough physical examination by Dr. Ursula Sanders. The children with neurological disturbances are treated by Dr. Simon Stone. Some of the cases are referred to the physiotherapy clinic which is held each month at the Spaulding High School. The Portsmouth Rehabilitation Center treats several local children each week. The transportation of orthopedic cases is furnished by the local Red Cross Motor Corps. Sincere appreciation is due the drivers for the many hours they have spent in transporting children to local clinics, Portsmouth and Manchester.

A Mental Hygiene Clinic, under the direction of Dr. Anna Philbrook of Concord, is held monthly at the City Hall. This clinic deals with the child who does not adjust to school environment. Dr. Philbrook has made it possible for a number of children to be better understood by both teacher and parent. The examinations and treatments are conducted by a psychiatrist, a psychologist, an examining physician, and a social worker.

The immunization program is sponsored by the Rochester Visiting Nurse Association. Immunization against whooping cough, diphtheria, and tetanus are available to any child.

A tonsillectomy clinic is sponsored each summer by the Kiwanis Club. The hospitalization fees are paid by the club and doctors who are members of the organization, perform the operations.

WELFARE

The local charitable organizations have generously helped during the year in securing clothing and food for needy families. There were a great many calls from families needing help in securing correction of defects.

I want, Mr. Frye, to thank you and the teachers for the cooperation I have received during the year of 1949.

Respectfully submitted,

NORA C. SCAHILL, R. N.,
School Nurse.

NO SCHOOL SIGNAL

Twenty-two upon the fire alarm will be the signal for no school. When sounded at 7:05 and 7:45 all schools will be closed for the day. When sounded at 11:15 pupils will be dismissed at the usual morning closing hour for the rest of the day. The same signals will be sounded at Gonic and at East Rochester, and in the morning only, at the Spaulding Fibre Co., North Rochester. Notification will also be broadcast from Station WWNH and Station WHEB at 7:15 and 7:45.

Due to the regulation of the State Board of Education which requires sessions on at least 180 days schools will not be closed except in case of extremely hazardous conditions. Parents should consider the welfare of children living at a considerable distance from the school and regulate the attendance accordingly.

GRADUATION EXERCISES

* Did not die in Rochester.

INAUGURAL ADDRESS

by C. Wesley Lyons, Mayor

January 4, 1950

Gentlemen of the Council:

In 1891, the City of Rochester received its Charter and from that time when we were organized as a city, or even from the time that we became a town in 1737, it has not only been the right but has been the privilege of the individual citizens each year to choose at their city elections, those from their members whom they desired to conduct the affairs of their municipality. I wonder if we fully appreciate this great privilege—the privilege of having a government which is close to the people. It is also our American way of life. This is not only the right in our individual city but it is also the individual right in our sister towns and cities, and also in our state; and we play a most important part, as individuals and as towns and cities, in making this our American way of life.

In the opening of the Inaugural Address of our first Mayor, the Honorable Charles Sidney Whitehouse, he said as follows: "This occasion is one that marks, like the decades in a human life, an event big with possibilities for material progress and greater happiness to this community. What more fitting occasion or greater incentive can there be for the invocation of divine power and grace and wisdom, than when the people through their duly chosen representatives seek a better way to those methods of government which insure justice, promote prosperity and enlarge happiness and enjoyment." The Inaugural that was given fifty-eight years ago by your first Mayor has not only been an incentive during these years but has also the principles and ideals of good Americanism which must be followed today.

Since 1892, the City of Rochester has come a long way, as far as being progressive, and we are also recognized as one of the fastest growing cities in our state. This is not because of our city's geographical location. During these past fifty-eight years, to my knowledge, there has never been a single instance when we did not have members of our city government who were men of business ability and integrity and who had the welfare and the interest of their community and city at heart.

It would seem only wise at this time to give you some information relative to our school system. When we approved our budget of last year, 42½% of the total budget went for the maintenance of our school system. The total per pupil cost of education in New Hampshire for the last school year amounted to \$229.49. The total per pupil cost in the City of Rochester was \$184.15 which indicates sound business management. The school district is financially responsible to the Council; there-

fore, it is of vital importance that all Council members be fully informed of our educational program and the necessary facilities to carry out the essential objectives. You are the gentlemen that approve the total budget which includes that of the School Department after it has been presented to you by the Finance Committee, and which they have received from the Finance Committee of the School Board. It is my intention this year to keep you, as Gentlemen of the Council, better informed of the operations of this department which, perhaps, is more important today than ever before in the history of American education. In our country today we are more concerned about education than ever before. Our magazines, radio programs and newspapers tell us of the nation-wide interest in teachers and schools. Perhaps this is because of the fact that the shortage of teachers and lack of adequate facilities have been instrumental in stirring people's interest in education. Today, we are facing an increase in birthrate which is forcing the people to think about education of larger numbers than ever before. In addition to this, parents are also concerned about the kind of education their children are receiving.

"What are the values in American life which citizens must preserve and build upon?" That is the question which has to be faced by every community, parent, principal, teacher, school superintendent and school board member. The men who created the framework of American statecraft were keenly aware of the vital relation of education to the free social order. Having committed themselves to definite social responsibilities, they turned to education as a guarantee that the nation so conceived and so dedicated might endure. They recognized, too, that mere political education was not enough. They sought the deepest and surest possible foundation in the arts, industries, and institutions of civilization. They recognized that good government and economic welfare rest upon widely shared ideals, wisdom, and knowledge. No stone should be left unturned in the effort to give youth a full realization of what democracy means, of the privileges which it affords, of the ways and means through which it is to be most successfully achieved. It is important, too, that loyalty to the democratic ideal be supported by an acute awareness of the factors which threaten it.

The general cost of our public schools has increased considerably during recent years, due to three distinct factors which are well illustrated in Rochester: the increased birthrate over a period of years with ever increasing enrollments, the low purchasing power of the dollar, and the diversified programs that are now essential to prepare youth for its proper place in the complex society of our scientific world. From time to time I will bring to my Finance Committee and you, as Gentlemen of the Council, in executive sessions or at our Council Meetings, the information and facts relative to the schools of Rochester which may not only be of interest to you that you may be more fully informed, but which may be of vital assistance in preparing our budget in these particular times when we must keep in line so as not to force a financial burden upon our taxpayers.

You have built up a Fire Department which is as fine as any in this area or in any town or city comparable to ours in size; and by the adding of new equipment to Gonic and East Rochester, you have extended a service to the entire area of Rochester.

In 1949, we made a special effort to make repairs on our public buildings. The refinishing and painting of the Opera House in East Rochester, together with the new boiler and the fire house doors, was something that has needed to be taken care of for some time. That particular building at the moment is in excellent condition. With the oil heating system now installed, it is my belief that the basement can be cleaned up and used for recreational purposes which would not only be more suitable for the younger group but would also save more or less wear and tear on the main hall. The Gonic Hall has received some changes, the most important being the doors where the fire equipment is kept and the fire escape, but this is only a small portion of the repairs that need to be taken care of, and I know that with the cooperation of my Building Committee that immediate steps can be taken for repairs in this above named building that will give the people of Gonic a hall of which they will be proud and which will more fully meet the requirements that have been needed there for a long while.

I think we are all extremely grieved by the fact that it was necessary that one of our oldest landmarks, the Coheco Engine House, which has not only been for the housing of that old piece of fire apparatus, but also has been a voting place to serve the citizens of Ward 4 for many, many years, had to be removed. A suitable voting place for Ward 4 must immediately be established. The location must be such that it will meet with the convenience of those citizens in that area of our city and also be of suitable size and construction to meet the requirements needed. A special committee will be appointed, consisting of the Standing Committee on Public Buildings and the three Councilmen from Ward 4, so that they may be enabled to take immediate steps regarding the erection of a polling place for that ward.

The Highway Department is especially well equipped, not only for the general maintenance of your various streets and highways, but also for the removal of snow.

Your Police Department is in a position to protect the citizens of this city and to cooperate with the towns in this area as they have in the past.

It would be my opinion and has been for some time that a special fund should be set up for the setting out of shade trees along our various new streets and to replace some of those we have lost in the various areas of the city.

Summer playgrounds in the various communities are playing a most important part in the life of our younger group.

This past year, they were especially well conducted and supervised, and at this time I desire to recognize the cooperation which has been given by the Community Activities Association, who assisted in a financial way by making it possible that we have the use of a director. The summer playgrounds have gone a little beyond the term that we use of "play," as this group has received instructions which include not only sports and tournaments, but teaching in handcraft and art classes, together with hikes which have included nature study.

It was my privilege to have attended the get-togethers with the parents and the children, at which time they displayed the articles which they had made during the season. These were fine gatherings and I sincerely hope that they may be carried on this year. I also want to recognize the cooperation which was received from the Parent-Teachers Association groups, who provided playground apparatus on some of the areas.

It would seem that a special committee should be appointed to bring in concrete details relative to the proposed swimming pool at Hanson Pines at a very early date.

In my 1948 communication to the Council at the Inaugural Exercises, I brought to the attention, not only of that body but of the citizens of Rochester, the fact that definite steps should be taken for the improvement of our present water system. During the past year you, as Gentlemen of the Council, have cooperated to your fullest extent in allowing a special water committee to work in conjunction with your Standing Committee on Water Works and Sewers, to employ engineers to bring in plans for the development of this system; to bring in not only a report on the development but also a report as to the ways the same might be financed without imposing a financial burden upon the consumer or the individual taxpayer. This has been studied very carefully, and it is my personal feeling that at any meeting during the latter part of this year if we had brought in a recommendation, you most certainly would have gone along with the plans that were presented to you by your special committee. With your permission, I am going to re-appoint a special committee, that they may continue their work, and you may rest assured that no recommendations will be brought in until each individual is absolutely convinced in his own mind and from advice of competent engineers, that the plans that are being presented are for the best interest of the City and that the development will be a permanent project.

I think that we all well realize the importance of water to any community, and we are also definitely sure that this system must be further developed, not only that we may have an adequate supply at all times, but immediate steps should be taken to furnish water to residents of the Old Dover Road and the Milton Road, who so desperately need it.

The consideration that was given by members of the Council is appreciated by these above named committees—the committees that served last year—not only by your moral support

but by the fact that you did make it possible that moneys could be used for the building of plans. Financial means were provided for the building of plans and the hiring of engineers. None of this, however, was used as the members of this committee desire to make further study.

Not only you, as Gentlemen of the Council, but I, too, realize the importance of this development of our water system, that we not only now but in generations to come may have an adequate supply. But we further realize that the financial investment will be great and when this committee makes a recommendation, you may rest assured that they will be positive that the plans presented to you are correct and with also a practical way of financing.

I, personally, take this as an opportunity to congratulate my Council for being far-sighted and conscious of the fact that the improvement of our system is essential. During the latter part of this year, or from late summer, we have read from editorials in newspapers and from articles in our national magazines of the seriousness of water shortage throughout some of the large cities in the eastern part of this country. We definitely do not want a like condition here.

A year ago, I brought to your attention the fact that Rochester was most fortunate in having a Charter that had gone down through the years and under which we were able to operate our municipality in an efficient and practical manner.

In the early part of 1949, in my communication at the March Council Meeting, I recommended the setting up of a Department of Public Works. Sufficient change was made in our Charter, by an act of legislature, to enable us to organize this department. From the action taken by the 1949 Council, of which nearly all of you were members, in the setting up of a Department of Public Works, I sincerely believe that this was one of the most progressive steps taken to operate our various departments in a more efficient and economical manner and to also give greater service to the people of Rochester. By setting up this Department of Public Works, you have set up a plan which emphasizes administrative authority and professional competence. There is no need to be concerned because of the fact that this department isn't fully organized. It is far better to take a reasonable time and to have a department that is properly set up than to immediately jump into a program that we are not sure will operate with the efficiency that we have intended.

The operation of a municipality is strictly a business and as much a business as any industry; and even though our present City barns or sheds, as we may call them, were not in a deplorable condition, it would still be wise and practical to remove them from this most valuable piece of property where they are now located, and use this present City lot as a municipal parking area. There is every reason why this should be done. The plot on the Old Dover Road, which the City now

owns, is ideal. Not only because of the fact that it is geographically located in the center of the city, but our equipment could be moved to any location, with the exception of Wakefield Street, without going through Central Square. The establishing of a parking lot in the location which we are now using for the housing of our equipment, would not only be an asset to the various departments but would also be a business proposition as far as Rochester is concerned because it would enable those who come from this whole area, who for years have used Rochester as a shopping center, to have better parking facilities. For the last few weeks you, as members of the Council, have brought in most cooperative and practical ideas and plans, and I ask and recommend that we take immediate steps in this program.

In the latter part of this year, you wholeheartedly cooperated in organizing the New Hampshire Steel Project. In my opinion this was a very progressive step. The study of local conditions that have been of interest to those considering the location of a steel mill in this area has also proved of potential interest to other industries. The information that this Executive Committee has obtained and which is still being compiled is material that has been needed for many years, and something that will be used from time to time in the future. As I am serving on this Executive Board, I will bring you at intervals, information of the proceedings.

At this time I am going to ask if the various standing committees that will be appointed will immediately take definite steps in preparing their individual budgets for this year. During the past years, we have not presented a budget until we have operated for four or five months. This seems impractical, even though it may not be possible to approve and accept this budget officially at the beginning of the year. It is, however, not wise that we operate unless we, as Gentlemen of the Council, have set sums to work with, and I think you will agree that it is unbusinesslike to operate the various departments without having a definite budget prepared. I also further suggest that included in this budget be a sufficient sum for the revision of the checklists, which would include the addresses of our voters. This is something that has been talked of for some years but no definite steps have been taken.

In December, 1941, I was honored to become a member of your city government and to work with you as a member of the Council. Many of you members have been here during these years, and some were members of the Council before that time. During these last nine years, we have come a long way, even though we have had many obstacles and many problems which it was necessary for you, as Gentlemen of the Council, to decide and which you did determine constructively and efficiently.

We were engaged in the Second World War in this period and set up our civilian defense programs. Many of you served faithfully in these organizations and we all voluntarily assumed

in our individual ways the denial of many of the commodities and luxuries to which we were accustomed in our every day life, which might contribute in a small way toward the war effort, that we might not only live in our community but that throughout our country, justice, tolerance and good-will might prevail.

Our boys entered the service and many of them made the supreme sacrifice which makes us all more fully realize the cost of obtaining peace and the four freedoms.

During these past nine years, it has been my privilege to speak to you and to many groups in this community, and you have heard me express many times how fortunate we were to be residents of this city, and of all the advantages we had here which at this time I will not enumerate at great length, but I want to call your attention for a moment to the fact that we have always worked together, regardless of what our respective stations in life were or what committees we were members of.

In Rochester you have one hundred and twenty-eight organizations. This includes our service clubs and many fraternal organizations which have been outstanding in their contribution to the welfare of our community. You have an active Chamber of Commerce, which not only works for the welfare of everyone but assists in giving information for the convenience of those who travel through this area. They also assist with our Community Chest and Red Cross campaigns.

We are recognized throughout the state as being outstanding by the fact that you have conducted the affairs of your municipality in an efficient manner. You have served your people faithfully without material gain, because you realize that you are contributing a part of your time and your experience toward the welfare of your community. Because of the fact that I am bringing to your attention the conditions that did exist in the past, it is not my desire that you interpret that we should look to the past, as we must always look to the future and use the past only as an experience which will be beneficial to progress which we intend to make in the years that lie ahead. With the cooperation which is contributed by your diversified industries who are always most civic-minded, your business establishments, and labor, which is one of the great elements of our society; and with the assistance that you will receive from your citizens, you may look to the future with the fullest confidence that your achievements in the years to come will continue to reflect with credit on the progressive record of your city.

CITY GOVERNMENT

AS ORGANIZED JANUARY 1, 1950

Mayor, C. WESLEY LYONS

Ward One—Frederick J. Grenier, Roland C. White, Willis S. Pease.

Ward Two—Frederick Maxfield, Ronald C. Taylor, Albert Nelson.

Ward Three—Ernest J. Couture, Charles C. Thompson, James E. Connelly.

Ward Four—Thomas J. Sylvain, Raoul P. Aubin, Donald Sylvain.

Ward Five—Wilfred T. Roy, Weston H. Palmer, Chester D. Jefferson.

Ward Six—Norman J. Raitt, Vernon E. Hersom, George F. Wilson.

City Clerk—D. Arlene Baker.

City Treasurer—Harry S. Johnson.

City Accountant—J. Stacy Tripp.

City Solicitor—Richard F. Cooper.

Collector of Taxes—Downing W. Osborne.

Commissioner of Public Works—

Marshal—Clifton F. Hildreth.

Assistant Marshal—Vane E. Nickerson.

Patrolmen—Deus Levesque, Willis M. Hayes, Ernest J. Levesque, Nelson S. Hatch, Joseph G. Zuromskis.

Chief Engineer of Fire Department—Ralph G. Seavey.

Deputy Chief Engineers of Fire Department—Frederic Cookson, Joseph E. Woodes, William B. Shaw, John Meader.

Overseer of Poor—Forrest L. Keay.

Sanitary Officer—Charles E. Goodwin.

City Physician—Charles E. Moors, Jr.

Board of Health—Forrest L. Keay, Charles E. Goodwin, Charles E. Moors, Jr.

Plumbers' Examining Board—Clifford K. Davis, Charles E. Goodwin, Wilbur F. Horne.

Assessors—Howard C. E. Becker, Alfred J. Beaudoin, Albert R. Chalmers.

Trustees of Trust Funds—Cecil M. Pike, Bernard F. Nixon, Walter A. Bickford.

Trustees of Public Library—Robert P. Wilson, Charles W. Varney, Jr., Henry J. Grondin, Walter H. Wood, Joel W. McCrillis, J. Stacy Tripp.

Licensing Board—Mayor C. Wesley Lyons, City Marshal Clifton F. Hildreth, Health Officer Charles E. Goodwin.

Manager of City Hall Auditorium—E. Morrison Douglas.

Building Inspector—Miles H. Dustin.

Janitor—Harry S. Johnson.

Assistant Janitor—Robert Jenness.

Janitor, East Rochester Hall—John F. Hickey.

Janitor, Gonic Hall—Lorenzo Lapierre.

Sealer of Weights and Measures—Frank D. Callaghan, Sr.

Special Police—William O. Allen, Robert Benner, Wilfred Boulanger, Percy Brooks, William R. Brown, Alonzo Bunker, F. D. Callaghan, Robert J. Callaghan, William H. Champin, Jr., Raymond Chisholm, Herbert D. Corson, Ernest Couture, Eudore Couture, George A. Creteau, Peter Cullen, George D. Dame, W. Earl Davis, E. Morrison Douglas, Miles H. Dustin, Albert S. Foster, Chester A. Freeman, Aldo B. Garland, John Lawrence Gaskill, Richard A. Geary, Nelson E. Goodfield, Charles E. Goodwin, William D. Hamel, John F. Hickey, Adrian Hodgkins, Ernest E. Horne, John J. Hurlev, Sidney Hurley, Edward Joblonski, Lester Keniston, A. R. LaPointe, Alphonse Lacasse, John Leach, Fred Lyons, Jr., Frank B. Miller, Albert Mortimer, Fred Mortimer, Eugene O'Brien, Rolf Osterman, Freeman V. Parshley, Michel A. Pelletier, John W. Philbrook, Maxime Portray, George J. Potvin, Bert F. Power, Edgar Remick, Adrian Roulx, Joseph A. Roulx, Alphonse Sylvain, Richard Varney, Albert L. Wallace, Harvey Warburton, Leland Waterhouse, George Woods, Joseph Woodes, Clarence Woods.

Public Weighers—Herbert Bowering, Dana Copp, Chester A. Davis, J. Raymond Fisher, Wallace N. Fisher, Robert Hussey, Charles Mattocks, J. A. Morrill, Albert C. Mortimer, Roger E. Page, Orlando E. Pickering, Hill Pollard, George Sewell, Chester H. Smith, Olive Page Tufts, Albert Warburton, Joseph Woodes, Bert Woodard.

Surveyors of Wood and Lumber—Jesse Ames, Arthur Bonenfant, Samuel Hale, Raoul Lacasse, A. F. Potvin, George J. Potvin, Malcolm Roode, Arthur S. Wallace.

Fence Viewers—Ernest Campbell, Harvey Henderson.

STANDING COMMITTEES, 1950

Finance—Mayor, Nelson, Roy.

Public Works—Mayor, Roy, Thompson, Raitt, Jefferson, T. Sylvain, Donald Sylvain.

Public Instruction—Mayor, Wilson, D. Sylvain.

Claims and Accounts—Mayor, Nelson, Maxfield.

Public Buildings—Hersom, White, Couture.

Fire Department—Wilson, Maxfield, Aubin.

Street Lights—White, Connelly, Aubin.

Printing—Taylor, Connelly, Couture.

Elections and Returns—Connelly, Pease, T. Sylvain.

Legal Affairs—Mayor, Pease, Palmer.

Bills in Their Second Reading and Enrolled Ordinances—Pease, Taylor, Grenier.

Police—Mayor, Palmer, Grenier.

Purchasing—Mayor, Wilson, Jefferson.

Traffic—Hersom, Raitt, Taylor.
